

Antarctic 'Snow Cruiser' Goes for Trial Spin

Thousands of persons gathered in Chicago's Grant park recently to view the "snow cruiser," a huge glacial dreadnaught built for Admiral Richard E. Byrd's expedition to the Antarctic. In an experimental trip the huge ice buggy traveled 15 miles per hour on its 10-foot wheels. Fifty-five feet long, the gigantic machine is built to carry an airplane on its top. Steering levers control the wheels in pairs, although any one wheel may be turned separately. Two 150 horsepower Diesel motors supply power for the cruiser.

'Zoned' Sidewalks Encourage Friendly Loafing

Energetic pedestrians of Louisburg, N. C., may claim the sidewalk's center lane, but space at right and left is reserved for those who like a bit of friendly loafing. A tobacco auction town, in some seasons it is crowded by farmers who like to visit for a spell. Pictures at left and upper right show the more ambitious citizens in the center lane, while lower right shows a young couple occupying the corner drug store sidewalk space thoughtfully provided by the "zoning" ordinance.

May Head England's 'Rightful' German Government

Should Great Britain set up a "rightful" German government (similar to the Polish government now seated in Paris) as is rumored internationally, these three men would undoubtedly head it. They are: Dr. Rudolf Breitscheid, left, former social democrat, who would be foreign minister; Dr. Hermann Rauschning, center, one-time Nazi president of the Danzig senate, who would be chancellor, and Dr. Joseph Wirth, right, former German chancellor, who would be finance minister. The three men are all exiles from Germany. The rumor adds that Britain would loan the "government" 2,000,000 pounds sterling to defray expenses.

Spinach and Sleds—All Part of Byrd Expedition

Admiral Richard Evelyn Byrd, left, views with an approving eye the work being done by members of his Antarctic expedition. His look is directed toward two carpenters assembling a dog sled at the Boston army base. Right: the Popeye influence. Two members of the exploration party piling up cases of canned spinach prior to loading it on the ships.

Volunteer

Former British and American championship golfer, Pam Barton, now does all her driving from behind the wheel of an ambulance. With thousands of British women, Pam volunteered for ambulance service and is now in training.

Aerial Musketeers Don Fighting Togs

Bound for an observation flight over enemy territory, these three British musketeers of the air head for their bombing plane. Equipment includes oxygen masks, telephone apparatus, parachutes and machine guns. In addition to the gunners, the plane carries a pilot, co-pilot and photographer.

Flees Exile

Fears that Ham Amin El Husseini, former grand mufti of Jerusalem who recently escaped from exile, may start a new anti-British terrorist campaign were expressed by government officials. The mufti, now in Iraq, is held responsible for the Arabs' campaign of terrorism.

Convicted Pastor Fights for Life

Rev. Walter Dworecki, Camden, N. J., preacher, sentenced to die in the electric chair, is getting another chance to prove his innocence. The pastor will appeal his sentence, given him when he was found guilty of plotting the murder of his daughter, Wanda, who was slain by a stranger who testified Dworecki hired him to commit the crime. He is shown receiving a final embrace from his daughter, Mildred. The appeal automatically postponed the execution date, originally scheduled for the week of November 12.

Meat-Eater

A vicious plant is this meat-eating Venus fly-trap, found only in North Carolina bogs. Here an innocent bee unknowingly approaches his doom. Six tiny hairs inside the doubled leaf act as triggers when disturbed, causing the leaves to come together, thus trapping its prey.

Here is poor Bernard Bee after lighting inside the fly-trap and disturbing its "triggers." The leaves fold swiftly together, imprisoning the victim with stiff bristles.

This action causes digestive juices to flow, and the hapless bee will be nothing more than a skeleton in a few hours. He will have been devoured by the plant. An enigma, the Venus fly trap shows the transition between plant and animal life. Gardeners have had very little success growing the plant in other environments.

Tippling Melons May Provide New Alibi

Alibis for an alcoholic breath may take a new twist if melon growers adopt the technique developed by Samuel Untermyer of New York. He gives his melons any desired alcoholic flavor by binding a small bottle of liquor to the stem of the growing plant. The plant absorbs the liquor through a tiny tube in its stalk.

'Dog Show' Behind France's Front Line

An army may march on its stomach, as Napoleon once observed, but its feet have quite a bit to do with the ground covered. Here British troops line up for foot inspection behind the front lines in France, and the grinning Tommies exhibit their "dogs" to the commanding officer, who, like all British army officers, watches carefully his men's feet.

Tot Will Enjoy Her Three-Piece Knit Suit

Pattern 6312
Mother or big sister! Knit this three-piece. It's mainly in stock-inette stitch and the skirt is knitted to give the effect of pleats! It's a suit that gives smart all-year-round wear. Pattern 6312 contains instructions for making the suit in 6, 8 and 10-year size; illustrations of it and of stitches; materials needed.
To obtain this pattern send 15 cents in coins to The Sewing Circle, Household Arts Dept., 259 W. 14th St., New York, N. Y.
Please write your name, address and pattern number plainly.

IT'S POP CORN TIME

THERE is no confection so widely used and universally liked as pop corn. It is a perennial ice-breaker at almost any social function. Here is a recipe that is sure to be enjoyed:

Honey Pop Corn Balls
1 cup honey
1 cup sugar
1/2 cup water
1/2 teaspoonful cream
1 of tartar
1 tablespoon butter
4 quarts pop corn

Boil honey, sugar, and water with cream of tartar until it turns brittle when tested in cold water. Add butter. Mix with warm pop corn and shape into balls.

Foibles Tax Us

We are taxed twice as much by our idleness, three times as much by our pride, and four times as much by our folly.—Benjamin Franklin.

Pull the Trigger on Lazy Bowels, and Also Pepsin-ize Stomach!

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste, and bad breath, your stomach is probably loaded up with certain undigested food and your bowels don't move. So you need both Pepsin to help break up fast that rich undigested food in your stomach, and Laxative Senna to pull the trigger on those lazy bowels. So be sure your laxative also contains Pepsin. Take Dr. Caldwell's Laxative, because its Syrup Pepsin helps you gain that wonderful stomach-relief, while the Laxative Senna moves your bowels. Tests prove the power of Pepsin to dissolve those lumps of undigested protein food which may linger in your stomach, to cause belching, gastric acidity and nausea. This is how pepsinizing your stomach helps relieve it of such distress. At the same time this medicine wakes up lazy nerves and muscles in your bowels to relieve your constipation. So see how much better you feel by taking the laxative that also puts Pepsin to work on that stomach discomfort, too. Even finicky children love to taste this pleasant family laxative. Buy Dr. Caldwell's Laxative—Senna with Syrup Pepsin at your druggist today!

Service to Others

"You're good for something in this world—for service of some kind to your fellow men—or you're good for nothing."—Dr. Reiser.

Rheumatic Pain Curbed by Home Lemon Recipe

If you suffer chronic or acute pain or swelling from rheumatism or neuritis, go to any leading druggist and get a package of the REV PRESCRIPTION. Mix this doctor's prescription at home yourself according to simple directions and add the juice of four lemons. This mixture makes a full quart of the most economic and splendid medicine you can use for your pain. Costs only a few cents a day. Hundreds acclaim it. Guaranteed, for sale and recommended by leading druggists.
