SCHOOL NOTES

Kindergarten

We visited an O'Neill market Wednesday morning so that we would know how to build our "Health Store." We looked for fruits and vegetables and all the foods that make us grow. The girls will make the price tags for the shelves in our store and the boys will build the front and shelves from orange crates and wrapping paper. Each day our store will be open at regular hours when we may buy groceries from a clerk who will keep the store neatly arranged.

We are making booklets of all the words we have learned to write in manuscript. Each page has a picture of the object and the word is written in manuscript. We have learned to write our names, boy, doll, ball, man and dog.

Sixth Grade

The girls of our class enjoyed a theatre party Monday night.

Rev. Virgil Wright gave a very interesting talk on the life of George Washington to the Upper Grades, and Senior Normal Training Class Thursday, February 22.

The project "Songs Around the World," which is being developed in English, has shown many possibilities in the field of music.

Art work has been centered around the study of color. Through water color work, color combinations have been learned, as well as several interesting original pictures have been painted.
