Soft Ball Players Are Again Getting Busy

St. Mary's Academy soft ball team defeated the team from O'Neill High last Sunday afternoon, by a score of 7-4. St. Mary's took an early lead, and Brown's home run was the only threat made by O'Neill in the early innings. Hammond, pitching for St. Mary's, received effective support and the seventh was his only bad inning, O'Neill scoring two runs and leaving two on base.

Ryan, pitching for O'Neill, had a large number of strike outs, but received poor support, especially in the early innings, which put him behind, and which O'Neill was never able to overcome. Hickey's home run was the only hit yielded in the late innings.

St. Mary's team will play St. Joseph's of Atkinson here on Wednesday afternoon, and have another game scheduled for O'Neill, the date of which will be announced later.

Alpha Club

Members of the Alpha Club entertained fifteen guests at their

annual May Tea, at the home of Perle Wittfeldt on Wednesday, May 8th. Thirteen members answered roll call.

The following program was given after a short business meeting. Reading: "Any Mother's Story."

Nellie Boshart
Book Review: "Dr. Hudson's Secret Journal" Marie Lansworth.

Refreshments were served from a linen covered table, and centered with a crystal vase of spring blossoms, flanked by tall green tapers in crystal candelabra. The pastel color scheme was carried out in the menu.

Marian Pfiel and Grace Borg presided at the table. Each guest was presented with a red tulip. The next meeting will be at Laverne Robertson's on June 12.

materials, office space, prepare the plantings. In other words, these land for planting and cultivate the services amount to about 38 percent of the amount expended by the Federal Government.

Projects are being conducted in six of the plains states, including Nebraska, North Dakota, South Dakota, Kansas, Oklahoma and Texas, and up to this time, over 130 million trees have been planted on 17,174 farms. About thirty-five hundred miles of trees will be planted this year on about six thousand farms.

Each year, about two million dollars are taken out of the relief funds for this tree planting project, and the House Members are asking that this amount of money be taken out of relief funds for the next fiscal year for the tree planting program in these six states.

Farmers who have been waiting for their 1939 soil conservation payments will be interested to know that in the conference report on the last deficiency bill, there was an item for \$60,000,000. This money was taken out of the regular agricultural appropriation bill

and the delayed soil conservation payments should be reaching the hands of the farmers in a very short time.
