NOTICE OF HEARING

In the Matter of the Probate of the Last Will of Mabel M. Palmer, Deceased.

To all persons interested in the estate or in the last will and testament of Mabel M. Palmer, Deceased, both creditors and heirs, devisees and legatees.

You, and each and all of you, are notified that on the 2nd day of October, 1940, Robert H. Palmer filed his petition in the County Court of Holt County, Nebraska, alleging that Mabel M. Palmer, a resident and inhabitant of Summit County, Utah, died July 4th, 1936, seized of an undivided two-thirds right, title and interest in and to the South Half of the Northwest Quarter of Section Fifteen, in Township Twenty-eight North, Range Ten, West of the 6th P. M., in Holt County, Nebraska; that she left a last will and testament which was originally and legally admitted to probate in the District Court of the Third Judicial District of the State of Utah of which Summit County is a part; that the interest of said deceased in said real estate was devised to the petitioner, Robert H. Palmer, under the terms of said will, by virtue whereof petitioner is now the owner of an undivided two-thirds interest in said real estate and is interested in and entitled to have said will admitted to probate in Nebraska; that said will has not heretofore been presented for probate in the State of Nebraska, and that more than two years have elapsed since the death of Mabel M. Palmer; that all debts and legacies have been fully paid; that attached to the petition is an authenticated copy of said will; that the prayer of said petition is that said will be admitted to probate and allowed as the last will and testament of the said Mabel M. Palmer, deceased; that regular administration of said estate be dispensed with and for a decree that said real estate descended free and clear of all debts and claims of any and every kind of the said Mabel M. Palmer in accord with the terms of said will to petitioner, Robert H. Palmer; that said estate is not subject to an inheritance tax and for such other and further relief as justice and equity may require.

You are further notified that said petition is set for hearing before the County Court of Holt County, Nebraska, in the Court Room in O'Neill, Nebraska, on the 24th day of October, A. D., 1940, at ten o'clock A. M., and that if you fail to appear at said time and place and contest said petition the Court may grant the prayer thereof.

LET ME TELL YOU Says "Doc" Hanley

Christ was the greatest psychologist the world ever knew. Abraham Lincoln and Will Rogers were America's greatest. Christ used parables to teach. Abe and Will put theirs across by stories. A very humble admirer and believer in them all, your correspondent copies their technique this week with the hope that his efforts will have some measure of success.

"In a small city somewhere in America, there lives a man so badly crippled that his days are spent in a wheelchair. In the lower end of his block a plug-ugly has his hangout. In some manner this tough guy incurred the enmity of the cripple. Taking advantage of his physical condition, the cripple started making wise cracks about the tough guy every time he went by. The tough monkey considered the source, shrugged his shoulders at each taunt and went his way. This infuriated the invalid and

spurred him on to bigger and nastier invectives. The tough guy merely laughed. Finally the cripple reached down into the slimes used to question the chastity of women and proceeded to call the plug-ugly a sonof-a-bitch. The toughie thereupon took it upon himself to give the cripple a helluva good licking. Whereupon the cripple had him arrested and in the trial which ensued, the entire history of the feud was spread upon the records of the court. The judge, in rendering a "not guilty" verdict, commented that "the beating was justifiable—but long overdue."

The moral of the story is—don't stick your thumb to your nose if you are crippled and haven't got a gun.

Here we are, a country crippled up economically, financially and militarily—and admittedly so—and our servants blast, bomb and blither against foreign rulers and give us peashooters to defend ourselves with. And now, while the "Frantic Frankies" view with alarm the results accruing from their ill-advised attempts to save (?) the world, they point with pride to a blue print army and navy. We didn't have blue prints in 1776—thank God.

We've had eight years of Harvard oratory and "ruin—let's try four years of Hoosier horsensense and prosperity. Elect Wilkie. (Released by the Democratic Anti-New Deal Yankees of California)

Continued broad demand by many eastern feeders at the local livestock auction last Monday resulted in a brisk market and prices ruled fully steady to strong with a week ago. More than 1200 cattle, about 400 hogs and close to 75 head of sheep made up the day's offering which found a ready outlet.

A considerable number of calves were here and the action on them was good. Steer calves of good quality and light in weight established an extreme top of \$12.00; bulk in this class ranged between \$9.90 and \$11.30. Heifer calves shared the market's healthy tone and brought prices between \$8.80 and \$9.60 with a few choice ones reaching \$9.75.

Yearlings, especially those of light weights and of good quality, were very popular and rewarded their owners with nice returns. Best of these went as high as \$10.00; others, less fancy, ranged between \$8.75 to \$9.75. Plainer kinds sold for less.

Fat cows were more plentiful than in recent weeks. An extreme top of \$7.15 was paid for very choice young cows, but the practical top hovered around \$6.50. Bulk of the cow run sold from \$5.50 to \$6.50.

Butcher hogs sold mostly from \$5.70 to \$5.95; sows from \$5.25 to \$5.50 and pigs from \$5.35 to \$5.80.

The lamb market showed a healthy undertone with one band bringing a top price of \$8.05 per cwt. Others sold from \$7.75 to \$7.95.

The next regular sale will be held Monday, October 21.

The Nebraska Advertising Commission Makes Good Case For State For National Defense Units

That Nebraska has much to offer for mobilization for national defense is graphically presented in a brochure prepared by the Nebraska Advertising Commission that is now being distributed among civilian and military defense officials, state legislators, state officials, radio stations, chambers of commerce and libraries.

Nebraska's location in the center of the country, safe from attack, but with excellent rail, highway, air and water transportation facilities for movement of troops and supplies, is outlined on eight full-page maps of the state. Sites suitable for military establishments in north central and northwestern areas of the state, recreational facilities, and locations of schools for use in military training are shown on three pages. The State's large supply of draft animals for military use and its animal feed supply are depicted on two maps.

Industrial resources of Nebraska are shown on ten maps. These include electric power, coal and gas fuel supplies, agricultural raw materials, mineral supplies, food production, the present industrial production of the state of more than a quarter billion dollars worth of manufactured products annually, and Nebraska's unique freedom from sales taxes, bonded debt and luxury taxes.

Generally useful information for both military and industrial defense preparedness is given on maps showing the state's terrain, water supply and climate.
