### Hospitality for Our Over-Night Guests

By RUTH WYETH SPEARS  
SOME people have a talent for making guests comfortable and they are not always the people with big houses and what used to be called a "spare room" for company. I thought of this one morning as I sat propped up on a perfectly comfortable folding cot eating breakfast from a tray. When not in use my cot was stored in the hall under the ingenious frame sketched here. This

frame had a full skirted cover of blue denim trimmed in red and blue flowered chintz. The medicine closet on top stood on feet made of spools glued in place; and was painted red inside and out. On the cabinet shelves were cleansing tissue and other useful things and the mirror door was well lighted with wall brackets connected with a floor outlet.

NOTE: In Mrs. Spears' Books 5 and 6 you will find directions for streamlining old-fashioned couches and chairs, as well as many other suggestions for bringing your home up-to-date. Also directions for designing and making rugs; hooked, braided and crocheted; each book has 22 pages of pictures and directions. Send order to:

THE TRUTH SIMPLY TOLD

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, allayed, or out of control. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!
