Meet  
**CONSUMERS  
 TWINNINGS  
 POLICY**

**RELIABLE, UNINTERRUPTED SERVICE**

OUR first "Twin" is no stranger to you — namely, **RELIABLE, UNINTERRUPTED SERVICE.** You know it, you like it, you have come to expect it. Moreover, the modern mode of living classifies it as an essential. We recognize our responsibility as dispensers of this vital necessity. Service must be available at all times for countless uses. The housewife depends on it to preserve her foods through the medium of electrical refrigeration. The man of the house rises punctually every morning to the tuneful tinkle of his electric alarm clock. The morning meal is prepared practically entirely by electricity, and in many modern homes all cooking is done electrically. Many more daily uses, so convenient and accepted that they have become almost commonplace, find electricity performing many services around the home. Business people, manpower in industry, office workers, alike find electricity a useful, helpful, saving servant throughout their every-day duties. . . . And so, Consumers, your electric service institution, places **RELIABLE, UNINTERRUPTED SERVICE** foremost in its "Twin Policy."

**MOST REASONABLE RATES**

OUR second element of the "Twin Policy" is also a familiar friend—particularly to Nebraskans who have enjoyed rates below the national average for a number of years. This "twin" is **MOST REASONABLE RATES**—as low as they can possibly be made and still maintain the highest type of efficiency in operation and adhere to the principals of sound management. Rates for electric service are reduced through two mediums—economies in operation and increased consumption. The management of your electric service institution—The Consumers Public Power District—is mindful of its responsibilities to you and pledges you its best efforts to accomplish the desired end of **MOST REASONABLE RATES** commensurate with **RELIABLE, EFFICIENT SERVICE** as uninterrupted as Nature will permit.

REMEMBER—electrical appliances save as they serve—Save Time, Save Work, Save Money!

**SAFETY and SERVICE**

The employees of the Consumers Public Power District, skilled thoroughly in their various lines of work, have dedicated themselves to the service of the public. With the production and distribution of your electric service in the capable hands of these experienced employees, many of whom you know, some of whom are your neighbors and fellow townspeople, you may have every confidence in receiving **GOOD SERVICE** in complete **SAFETY.**

Electricity is Cheaper Now Than Ever Before

**CONSUMERS**

**Farmers and Stockmen**  
 Livestock prices are mighty good just now. If you have stock to sell, consign them to us. Our aim is to satisfy you.  
**Sale Every Monday!**
