LOOK at this RECORD OF PERFORMANCE! 1,460 worms (actual count) removed from 100 birds with one treatment of Dr. Salsbury's Rota-Caps

THE SCENE was in torrid Death Valley, where Hollywood makes true desert pictures, and the heat makes records. Condemned to death were 6 new coupes, alike throughout, except that in each crankcase—under lock—was a different big-name motor oil... One oil outlasted the other test oils by 5,683 miles or more... Certified. And the whole lot of them—5 big-name oils—averaged not even half of the 13,398 miles delivered by the new long-lasting oil.

man-made extra substance—Thialkene inhibitor. (Conoco Patent 2,218,132.) To understand, merely think a moment of Vaccination—the right protective substance put on guard to keep a trouble from starting. Now the trouble aiming to start on motor oils lurks in the normal firing of every engine. Filth is formed that can spoil one drop—then two drops "catch it"—then four—then sixteen—faster, faster, FASTER, till the whole fill weakens and the oil level sinks too fast... but not when the start of this oil-fouling trouble is inhibited—held back—by life-giving Thialkene inhibitor in new Conoco Nth motor oil, on sale today for your car.

AND CONOCO Nth OIL OIL-PLATES YOUR ENGINE! Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. Magnet-like action bonds OIL-PLATING to engine parts. It can't all quickly drain down—not while you're using Conoco Nth oil. So OIL-PLATING is on guard in advance against wear!... and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco Nth oil.

Economy like that counts up into dollars! Change to Nth oil today at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated. H. M. Jacklin Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University
