

USDA Announces 1941 Corn Loan Program

The department of Agriculture announced today that the Commodity Credit Corporation will make loans on 1941 corn. As in the past, loans will be administered in the field by county agricultural adjustment administration committees.

Outside the commercial corn areas, loans will be available to farmers who have not exceeded their total soil-depleting acreage allotments at rates varying from 50 to 63 cents per bushel. The average of these non-commercial areas will be seventy-five per cent of the commercial area average rate as required by the Agricultural Adjustment Act.

All loan rates are based on corn grading No. 3 or better, except for moisture content and test weight. The rate for corn grading "mixed" will be 2 cents per bushel less.

Loans on 1941 corn, which may be made any time between December 1, 1941, and September 30, 1942, will be 3 year loans maturing August 1, 1944, or earlier, on demand. Corn may be redeemed at any time during the loan period upon payment of the loan, plus 3 per cent interest. If the loan is completed prior to April 1, 1942, the farmer may deliver his corn in settlement of the loan during August, September or October, 1942. However, if the loan is completed on or after April 1, 1942, the corn will not be accepted in satisfaction of the loan until the same month of 1942. In practice, this gives him the option of making a one, two or three year loan. Delivery of the farmers' corn is also subject to 10 days notice to the county AAA committee.

To encourage the continuance of the corn under loan, Commodity Credit Corporation will make a storage payment of 4 cents per bushel upon corn stored until August 1, 1943, which is there-

after delivered to the Corporation in settlement of the loan.

Other provisions of the 1941 corn loan program remain practically the same as under the 1940 loan program. As in the past a farmer will be able usually to complete arrangements for a loan in one visit to the office of his county AAA committee.

Members of the O'Neill Production Credit Association may secure their funds on corn loans by presenting the notes and filed mortgage to the association office in O'Neill.

THERE are many words in the dictionary... big words and little words... words with the splendor of royalty, words with the brilliance of diamonds, words as pretentious as the sweep of a peacock's train.

There are homely words, too, and between home folks like ourselves these are the ones we choose to carry our simple New Year message to you. Many thanks for your kindness, and every good wish for a Happy New Year.
