

Victims of Jap Subs on California Coast

At left, the 5,698-ton freighter Absaroka, hit by a Jap torpedo off the California coast, is shown, with deck awash, as she made some port. One crew member was killed. Right: This photo pictures the thrilling landing of part of the crew of the tanker "Montebello," which was sunk by a submarine off California. Here a lifeboat bobs in the boiling surf, dangerously close to the rocks, as rescuers throw men a line.

'Pause in the Day's Occupation'

Smiling cheerfully as they push German forces back the way they came, members of this Russian tank crew (left) halt for brief pause in their march westward, for lunch. Rigors of the Russian winter seem to have no terrors for these hardy soldiers. Right: These Italian prisoners in the Libyan desert seem too miserable to attempt to escape, and yet they are guarded carefully before being shipped to a concentration camp.

Fierce Moro Tribesmen Fight Japs

A deadly warm welcome was extended Japs who tried to open a second front in the Philippines by invading Mindanao island. On hand to greet them were some of the fiercest fighters known, the Moro tribesmen, to whom fighting is a profession. They are shown being inspected by Col. Ralph McCoy in Zamboanga, P. I.

Churchill came to the U. S. for a series of conferences regarding the creation of a unified allied command.

American Troops in Alaska

This soundphoto, which was taken somewhere in the bleak wilds of Alaska, shows United States troops landing at an Alaskan post to man our most northern frontier. These troops have received special training for duty in this bleak outpost, and can be expected to give a good account of themselves against all comers.

First Meet of Inter-Allied War Council

President Roosevelt and Winston Churchill called the first meeting of the U. S.-British war council at the White House, to draft a "unity of action" grand strategy program for all anti-Axis nations. The U. S. contingent is shown here. Left to right: Maj. Gen. H. H. Arnold, chief of army air corps; Secretary of War Stimson; Adm. H. R. Stark, chief of naval operations; Secretary of Navy Knox; Gen. They are, left to right: Elene Quinonez, of San Salvador; Mercedes Lucy Sanes Davilla, of Colombia; Florencia Perez Cisneros of Cuba, and Marie Souza Dantas of Brazil.

THE TRUTH SIMPLY TOLD

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!
