The largest single request for appropriations by Congress was that of President Roosevelt in submitting the new estimates of the War and Navy departments for additional war supplies and equipment. It totals 28 1/2 billion dollars. Supplementing previous authorizations and appropriations

for war purpose, the allowance will bring the grand total to over one hundred billions of dollars since June, 1940. There is a significant fact in the request of nearly one-third the entire amount for war planes, in line with the President's previous statement that by 1944 our forces should be armed with not less than 175,000 war planes. The total production of war planes in the past 20 months has been in excess of 25,000 planes. The news dispatches announce the arrival of our planes in the East Indies, but not as yet in sufficient number in the Philippines, where General MacArthur's Army continues to hold back the Jap forces without the valuable aid which the National Foundation has afforded. The statement of nounced a radical departure in

National Foundation Chapters To Help Defense

Following a conference with President Roosevelt, Commander-in-Chief of America's armed forces, Basil O'Connor, President of the National Foundation has announced a radical departure in the use by our Chapters of the 50% they will retain from the 1942 "Fight Infantile Paralysis" Campaign.

This year, to make a still greater contribution to national defense and national morale, the National Foundation will permit Chapters, wherever necessary, to use a part of their proceeds from this year's Drive to assist the dependents of any man or woman in the military or naval services of the United States, who may become a victim of infantile paralysis while in the service of their country.

Mr. O'Connor stated that shortly the Trustees of the Foundation will issue regulations under which this expanded defense activity of the Chapters will be conducted.
