**Normal Receipts And Prices Range Upward At Local Livestock Market**

Improved road conditions brought livestock receipts back to normal at the local livestock auction last Monday. Prices reflected the current upward trend with practically all classes sharing the price increase. The quality of the offering was only medium to good. Action was brisk and the market undertone looked firm.

Calf supplies were rather limited and the quality of the calf offering was only fair. Taking this fact into consideration, prices held fully steady with a week ago. Representative sales on steer calves ranged from \$12.00 to \$13.00 with a few reaching higher.

Yearling steers sold from \$11.00 to \$11.75. Heifers in this class cashed from \$9.50 to \$10.50. Good beef cows advanced sharply with many paying \$9.00 and better. Bulk of the offering moved at \$8.00 to \$8.50. Plain grades ranged from \$7.00 to \$8.00. Bulls weighing around 1400 lbs. reached upwards to \$9.15.

Hog receipts increased sharply with over 500 hogs offered for sale here. Prices likewise spurred upward and chalked up new highs. The bulk of the handy weight butcher hogs rang up \$13.90 to \$13.95. Sows ranged in price from \$13.35 to \$13.55 with a few choice ones reaching higher.

A large supply of feeder pigs showed up and prices advanced to new highs under brisk demand. Top price paid for 70 lb. feeders was \$16.50. Others ranged from \$15.30 to \$15.80.

About 75 sheep were sold by the head at good prices. The next regular auction will be held on Monday April 13.

**Government Restrictions Affect Telephone Users**

The telephone business is now operating under definite government orders restricting the installation and replacement of telephone equipment. Some of these restrictions are:

1. Wall and desk telephones can not be replaced with hand telephones.
2. Extension telephones in residences can be installed only under certain circumstances.
3. Party-line service is the only service which can be provided in some localities for new applicants and for those who move.
4. Replacements and improvements, which under ordinary conditions could be made, now have to be deferred.

These restrictions will affect many telephone users but we shall do everything in our power to provide as adequate service as is possible under existing war conditions.
