WARNING!

For Your Protection Please Read Carefully

Morton Aircraft Corporation does not employ salesmen to sell its course. Anyone appearing and representing himself as a salesman or agent for this school is doing so fraudulently. Local authorities and this school should be immediately notified.

For your information, here are a few of the reasons why this school does not employ salesmen:

1. The salary or commission of a salesman has to be added to the cost of our courses or else we would have to reduce the quality of our training. Therefore you receive cheaper and better training.
2. In their enthusiasm to make a commission salesmen are apt to promise too much and paint too rosy a picture. We want you to know the facts and a salesman cannot tell you any more than our literature tells. A letter to us will always answer any specific questions you may have.
3. A salesman may tell you he came to see you to explain things more clearly or that he was sent as a bonded representative to give you all the facts, or he may start knocking other schools or that he comes to see if you have the necessary qualifications, etc., etc., ad infinitum. This is all sales bunk. The only reason that any salesman calls on you, or anyone else, is to make a nice fat commission—at your expense.

We don't believe you need any salesman to help you make your decision. We believe you are perfectly capable of doing this yourself. Because of this, we give you all the true facts about our training and leave it to you to decide—you are the one whom the decision affects most; therefore, you and you only are the one to decide.

Morton Aircraft Corporation welcomes investigation and comparison. It is perfectly willing to stand alone on the merit of its training and its reputation through the years of training capable young men and women who can take their place in the aircraft industry and be assured of independence and a steadily increasing income for life.

Men - Women!

We think so much of our training that we offer you one week's training on approval

PAY NO MONEY DOWN (Training financed—full year to pay. First payment 30 days after graduation.) Over \$60,000 equipment in our school. Visit our plant today—open Sundays or WRITE for information—no salesman will call.
