The chair is a remodeled rocker and the orange crate dressing table has hinged arms. Directions for them may be found on pages 4 and 19 of SEWING, Book 5.

Telling time in the Navy is on the 24-hour system. Morning hours are from one to twelve, but afternoon hours are from 1300 to 2400 (midnight). So if you ask a sailor the time and he says "seventeen," subtract 12 and you get five o'clock in the afternoon. It's simpler if you ask him what cigarette he smokes. Chances are he'll say "Camel," for Camel is the favorite cigarette among Navy men as well as among men in the Army, Marines, Coast Guard. (Based on actual sales records from service men's stores.) Local dealers are featuring Camel cartons as gifts for men in the service from the folks back home.—Adv.
