**What You Buy With WAR BONDS**

Hitler found out that his high powered mechanized and motorized army bogged down in the snow and mud of the Russian Winter. Although our Army is largely mechanized the cavalry horse is still a highly essential factor in this mounted division and in the Field Artillery. The Army also maintains remount farms where many cavalry horses are bred and raised.

These select horses cost from \$100 to \$165 and our crack cavalrymen are expert riders and carry on the traditions which have followed the cavalry from the earliest days of the Army. Purchase of War Savings Bonds will insure good mounts for the Cavalry. You and your neighbors buying War Bonds and Stamps regularly every pay day can help buy these horses for the U. S. Cavalry. Invest at least 10 percent of your income in War Bonds.

U. S. Treasury Department

**What You Buy With WAR BONDS**

An Army motor trailer looks much like any other automobile trailer which may be seen on the highways or in the tourist's camps. The Army's trailers are used as traveling hospitals, dental clinics and testing laboratories.

These mobile surgical or dental units are hauled to their destination and the trucks released for other purposes. They cost from \$1,200 to \$3,000 and weigh from 1 1/2 to 8 1/2 tons. You can help pay for them . . . help keep our Army fit. Invest at least ten percent of your income in War Bonds every payday. You can join the Ten Percent Club through the Payroll Savings Plan, or buy Bonds regularly through the nearest bank or postoffice.

U. S. Treasury Department

**What You Buy With WAR BONDS**

Aside from the sixty-mile an hour Mosquito Torpedo Boats, the Sub Chasers are the speedsters of our Navy. Light and fast, they are the eyes of the Fleet on the water. They displace approximately 1,500 tons and cost about \$2,400,000 each.

We need many of these powerful, fast little boats to cope with the treacherous submarine type of naval warfare fostered by our enemies. Everybody can help pay for more Sub Chasers by putting at least ten percent of his income into War Bonds. Buy Bonds or Stamps every pay day. Buy them from your bank, your post office, or from your office or factory through the Payroll Savings Plan.

U. S. Treasury Department

**What You Buy With WAR BONDS**

The "Stovepipe," as the 60-millimeter trench mortar is commonly known, is used by our infantry for close-in fighting. It fires a 2.4-pound shell at the rate of about 35 a minute.

The mortar fires its projectile in a U-shaped arc and for this reason may be successfully camouflaged behind an obstruction. It costs about \$500. You and your neighbors, joining together, can buy many of these effective weapons for use of our army. Investing at least ten percent of your income in War Bonds every payday will do the job. Get on the firing line on the home front . . . join the "Ten Percent Club."

U. S. Treasury Department

**What You Buy With WAR BONDS**

It's not a pleasant picture to contemplate, but War calls for "blood and sweat and tears." And the Army Medical Corps, with its efficient nurses and its volunteer Red Cross "Angels of Mercy," needs thousands of surgical beds for field and base hospitals on every front.

These beds cost approximately \$22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Your purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Bonds every pay day. Invest ten percent of your income.

U. S. Treasury Department

**What You Buy With WAR BONDS**

The Navy is making a plea to civilians to turn in their binoculars for military use during the War. The Army and Navy both need binoculars for navigation and scouting purposes. Depending on the power of the lenses, they cost from \$50 to \$80 each.

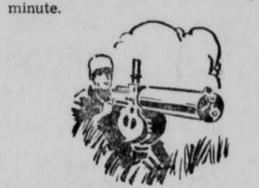

If you have a set of 6 x 30 up to 7 x 50-power lenses binoculars loan them to the Army or Navy. If not, your purchase of War Bonds and Stamps will help buy this equipment for our fighting forces. At least ten percent of your income in War Bonds every payday will do the job . . . and provide the "eyes" through which a scouting pilot may spot an enemy battleship.

U. S. Treasury Department

**What You Buy With WAR BONDS**

The 50-caliber Browning machine gun is one of the most efficient short range weapons used by U. S. Fighting forces. It is effective at ranges up to 2,000 yards and fires about 600 forty-five caliber bullets per minute.

One of these guns costs about \$1,500, while a thirty-caliber machine gun costs approximately \$600. Our fighting forces need thousands of these rapid-fire guns. Even a small town or community can buy many of them by uniting in the purchase of War Bonds. At least ten percent of your income in War Bonds every pay day will do the trick.

U. S. Treasury Department

**What You Buy With WAR BONDS**

Barbed wire used by Uncle Sam's fighting forces is vastly different from that used on American farms. Army and Marine barbed wire is much heavier and the barbs, about three inches in length, are more vicious than ordinary barbed wire.

The Marine Corps pays fifty cents for each twelve yards, or 36 feet of this specially manufactured barbed wire. The Army and Marine Corps needs thousands upon thousands of feet for defensive warfare. Your purchase of War Bonds and Stamps will insure sufficient quantity for their needs. Invest at least ten percent of your wages in War Bonds every pay day.

U. S. Treasury Department

**What You Buy With WAR BONDS**

When the American Expeditionary Force landed in Ireland recently newspapers reported the citizenry remarked at the similarity of the steel helmets worn by our boys with those worn by German troops. These steel hats are protection from shrapnel fragments and other light missiles. We need thousands of them for they are a regular issue to every American soldier.

A smart strap fastens under the chin and they are padded for comfort. One steel helmet costs \$5 so every time you fill a \$5 stamp book you are buying protection for an American soldier. Invest at least ten percent of your income in War Bonds every pay day. Help your community reach its War Bond Quota.

U. S. Treasury Department

**What You Buy With WAR BONDS**

Military motorcycles, for couriers, for speeding light guns from one section to another, are an important part of America's mechanized army. Many are equipped with sidecars for use of staff officers. They cost from \$400 to \$450.

We need thousands of these small maneuverable machines in our Army today. You and your neighbors, all buying War Bonds and Stamps, can help buy them for the Army. Invest at least ten percent of your income every payday in War Bonds and Stamps and become a member of the patriotic "Ten Percent Club." It is rapidly becoming the largest club in the world.

U. S. Treasury Department

**What You Buy With WAR BONDS**

Actual experience on the world's war fronts has proved the collapsible boat an essential safety feature for both Naval and land based planes. They are made of rubberized material, easily inflated.

At the Battle of Midway an Army Lieutenant, after bombing a carrier, was forced to bail out of his bomber. He was able to get a "fish eye" view of the entire battle from his collapsible boat and was later picked up by an American plane. Your purchase of War Bonds with at least ten percent of your income every payday will help protect the lives of men who are flying for you. Get behind them today.

U. S. Treasury Department

**What You Buy With WAR BONDS**

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700,000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$143,000 apiece.

The battle for Britain was almost lost because England had none of these giant four-motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every pay day. Put at least ten percent into Bonds or Stamps and help your county go over its Quota.

U. S. Treasury Department

**What You Buy With WAR BONDS**

The mess kit is one of the most important items in the Soldier's equipment. It consists generally of a pan, a plastic canteen and cup, a fork, knife and spoon, all in a canvas pack cover. The total cost runs up to about \$2.00.

Canteens and other items such as handles on knives and forks, formerly made of aluminum, are now plastic. Alloy has replaced stainless steel. You can buy many of these mess kits for our boys with your purchases of War Bonds and Stamps. Invest at least 10 percent of your income in War Bonds or Stamps every pay day and top the quota in your county.

U. S. Treasury Department

**What You Buy With WAR BONDS**

A scout car is a low-slung motor car armored with heavy steel plate, used to transport troops from one point to another. It is of low silhouette and gives protection against machine gun and other ground fire. A scout car costs \$5,000.

You and your neighbors joining together can buy one of these vehicles for the Ordnance Department of our army with your purchase of War Bonds. We need hundreds of them and need them quickly. Put at least ten percent of your wages or income into War Bonds every pay day and help your fellow Americans top the War Bond Quota in your county.

U. S. Treasury Department

**What You Buy With WAR BONDS**

At Midway, in the Coral Sea and from General MacArthur's headquarters in Australia, the Navy patrol bombers are searching out enemy bases, ships and transports and "completing their mission." The Navy Patrol Bomber costs about \$750,000.

Our factories are turning out hundreds of these bombing ships. Yet it is only through your investment in War Bonds and Stamps you can do your share to help provide patrol bombers for our rapidly increasing air force. Invest at least ten percent of your income every payday in these Government securities and do your bit to win and shorten the war. Our airmen are depending on your help.

U. S. Treasury Department

**What You Buy With WAR BONDS**

The 75-millimeter gun is a divisional weapon used by the Artillery as an anti-tank gun. It has been replaced to some extent by the more modern "105", known as the heaviest of divisional weapons. The 75-mm gun costs \$12,000 and has been converted by our Ordnance into a "blaster" twice as efficient as in the first World War.

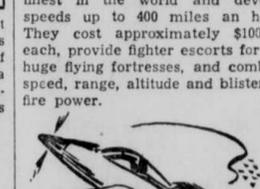

This gun gets maximum power for minimum weight and cost, and the American people are providing the finance through the purchase of War Bonds. If you do your share and invest 10 per cent of your income in War Bonds, adequate supply of this efficient gun can be assured our fighting forces. Buy War Bonds every pay day.

U. S. Treasury Department

**What You Buy With WAR BONDS**

The Army's fighter planes are the finest in the world and develop speeds up to 400 miles an hour. They cost approximately \$100,000 each, provide fighter escorts for the huge flying fortresses, and combine speed, range, altitude and blistering fire power.

America's plane production plants are working over-time turning out thousands of these fighter planes. War Savings Bonds will help pay for them and the American people are committed to at least ten percent of their income to finance their cost in War Bonds. Every American, buying his share every pay day, will make it comparatively easy to supply our army and navy air corps with these supreme Eagles of the air.

**What You Buy With WAR BONDS**

The Garand semi-automatic rifle, which is the standard issue today for the U. S. Army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast shooting powerful rifles to equip our army. They cost \$85 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the Army. Not that we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and top the quota in your county by investing at least ten percent of your income every pay day.

**What You Buy With WAR BONDS**

The sixteen-inch coast gun is the most powerful of all American guns and costs about \$2,000,000 each. It will throw a shell weighing up to a ton many miles. The Coast Guard also has an eight-inch mobile railway gun which will hurl a heavy projectile about 18 miles.

For defense of our homes, the Coast Guard needs many of these powerful weapons. You can do your part to help pay for them by investing at least ten percent of your income in War Bonds and Stamps every payday.

U. S. Treasury Department

**What You Buy With WAR BONDS**

A pelorus, used by the Navy, is a device which fits over the surface of a compass to enable the operator to take bearings on distant objects. It has split hair sights, has been in use for many years . . . and cost approximately \$125.

These instruments are essential equipment to every American ship which comes out of the shipyards. With the scores of ships now being completed each month, we need many of these instruments. Your purchase of War Bonds and Stamps will help pay for them. Invest at least ten percent of your income every payday in these interest bearing Government securities.

U. S. Treasury Department

**What You Buy With WAR BONDS**

A Flying Fortress is to America's air fleet what heavy artillery is to the Army. This gigantic four-motored bomber, equipped with heavy cannon, carries about three tons of bombs and reaches a speed of about 300 miles an hour.

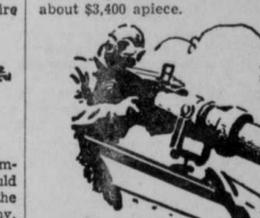

These ships carry a crew of seven to nine men, weigh about 22 1/2 tons, have a wing spread of 105 feet and each motor develops 1,000 horsepower. We need more of these "Flying Fortresses" to compete with the Nazi air force. You can help by investing at least ten percent of your income in War Bonds every payday. Buy them from your bank, post office or other convenient issuing agent.

U. S. Treasury Department

**What You Buy With WAR BONDS**

The Aerial Camera for use on Scout and Observation and Reconnaissance planes is essential to both the Army and Navy air forces in planning battle formations and in obtaining information on enemy fortifications and movements. They look something like a cannon, and cost about \$3,400 apiece.

The aerial cameraman can plot wide territories in bold relief so that Army or Navy Intelligence can make accurate measurements of enemy territory. We need many of these cameras so necessary to the air arms of the Army and Navy. You can help buy them with your purchases of War Bonds. Invest at least ten percent of your income every pay day, and help your county go over its War Bond Quota.

U. S. Treasury Department

**What You Buy With WAR BONDS**

Ships of the Destroyer type comprise the bulk of our fighting ships in the American Navy. Their average displacement is about 1800 tons, and they are fast, powerful, and hard hitting. They have been particularly effective in convoy duty and gave a good account of themselves in the Coral Sea engagement. They cost approximately \$3,600,000 each.

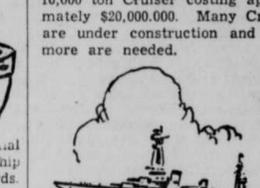

Every Navy shipyard is turning out Destroyers in record time. They are essential for our two-ocean Navy. Purchase of more and more War Bonds will assure all-out production of these vital units for the Navy. Buy every pay day. If everybody invests at least ten percent of his income in War Bonds we can do the job.

U. S. Treasury Department

**What You Buy With WAR BONDS**

Navy Cruisers are built in two classes, light and heavy, the latter displacing about 10,000 tons. Our navy has about an equal number of light and heavy Cruisers, the 10,000 ton Cruiser costing approximately \$20,000,000. Many Cruisers are under construction and many more are needed.

To pay for these speedy and powerful ships with their heavy guns and armament we must buy War Bonds. Citizens of a large town or a given community, working in unity, could buy one of these ships for the Navy if they put at least ten percent of their income in War Bonds every pay day.

U. S. Treasury Department

**What You Buy With WAR BONDS**

When the Marines get their service pack, there is included therein a bright shiny new shovel cased in a muslin carrier. The shovel costs 68 cents and the carrier 39 cents, or \$1.07 for the ensemble.

These trenching shovels are used by the Marines around camp, digging trenches, setting up barbed wire entanglements and in many other ways. Your purchase of War Bonds and Stamps every pay day can readily equip our forces with these necessary implements for warfare. Invest at least ten percent of your income every pay day. Buy War Bonds and Stamps from your bank, your postoffice and at retail stores.

U. S. Treasury Department
