#### Big Run Of L'vestock At **Local Market Monday** At the sale of the local livestock

auction a heavy run of livestock of all kinds showed up. Prices for horses, sheep and cattle were good but the hog market was lower than last week. We had about 70 horses, very few good horses. They were mostly just ordinary work horses. Only a few southern mares showed up, however prices seemed to be very satisfactory. We had a very good cattle sale, about 300 head were sold. The little light cattle and cows continued to be the popular kind. Our good steer calves brought from \$15.00 to \$16.00 per hundred. Plainer ones sold on down less. We did not have many heifer calves, however we had a few good bred lightweights that brought up to \$15.00 per hundred.

We had a few good yearling steers up to \$14.00 in price and and the long end of them brought from \$13.00 to \$13.75, however we had plainer kinds that sold on down less. The yearling heifer run-was very light. In two-year old steers, we had more of them than we have had in the last two weeks or so. They were a little harder to move. The quality of them was not too good. They brought all the way from \$12.00 to \$13.00.

In cows, we did not have any left Monday for Chicago. They real good ones; our good cows will leave Chicago on Wednesday brought from \$9.00 to \$10.25. We and will go to California on a had a few odd head on up to business trip for a few weeks. \$10.75. Our feeding cows brought Mr. and Mrs. Phil Aikin, of Lin- from \$8.50 to \$9.25. Our bull run

"I couldn't help overhearing you, Mary, when you asked Jim here why they let the liquor companies use sugar to make whiskey when all the rest of us have to cut down on

it. I happen to know the answer to that.
"You see, the fact of the matter is, the industry never has used a single pound of sugar to make whiskey. The bootleggers were the only ones who used sugar to make whiskey. On top of that, there's not a single

large distillery in the country making whiskey more. They're all working day and night king war alcohol for the government for gunpowder, synthetic rubber, chemicals, and

medical supplies. "Just as I told Ed down at the courthouse this morning, the government simply wouldn't be able to get all this alcohol it needs in time if we didn't have these distilleries available and on the job."
