THE OLD JUDGE SAYS...

"Had any news from George and his family since they moved away, Judge?" "Yes, I had a letter from him day before yesterday. He's in Kentucky... the family's fine and they all like it there. George says he has a fine job in a beverage distillery. He brought out an interesting point in his letter I hadn't thought of before. He said that while the beverage distillers are working 24 hours a day, 7 days a week turning

out war alcohol for the government for ammunition, tires, medical supplies and chemicals, they still are able to account for nearly a billion and a half dollars in taxes each year. That's on account of the fact the beverage distillers, though working 100% for the government, are still able to supply the public with beverages from the reserve stocks made during peacetime. "Quite an unusual case, isn't it, Jim?"
