Nationwide Molly Pitcher Tag Day

Washington, D. C.—On August 4th, Molly Pitcher is stepping out of the pages of American history to sell War Bonds and Stamps. The gal who carried water to thirsty soldiers during the blistering Revolutionary Battle of Monmouth and took over her husband's cannon when he was wounded, has long been a symbol of the heroism of American women.

In her honor, brigades of modern Molly Pitchers will take their stands on nationwide Molly Pitcher Day at street corners, building entrances, and in public places to sell the bonds and stamps that back up our modern fighting men.

A red-white-and-blue Molly Pitcher Tag will be given to everyone who purchases a bond or stamp on that day. Members of the American Legion Auxiliary, and of the Independent Food Distributors Council unit of Molly Pitchers, will aid and augment local Women's War Savings Staffs to make up the volunteer sales force. They will use water pitchers to hold their supplies of tags and War Stamps. The slogan on the tags will read "Fill the Pitcher with Bonds and Stamps on Molly Pitcher Day," and the goal of the sales force will be to "tag" the total population.

Farm Labor Situation Not As Critical As Expected

Reports from the County Agent's office in O'Neill and volunteer labor representatives in surrounding towns indicate that the farm labor for harvest and haying is available in sufficient numbers to meet the need.

The needs of most farmers and ranchers are either being met or farmers are neglecting to make their needs known to the labor representatives in each town. Migratory labor of good quality and considerable numbers have been reporting to County Agent Lyndle Stout and other representatives. Up to the present, over 100 of these have been placed in the county and at the present time it is difficult to place all the help that is reporting.

If there are farmers in the county who would like to have help they are asked to report their needs to one of the following representatives:

- Stuart—A. C. Berner, Stuart Creamery.
- Atkinson—Claude Humphrey, Humphrey Shoe Shop.
- O'Neill—Lyndle R. Stout, County Agent's Office.
- Chambers—Louis Harley, Harley Hardware Co.
- Page—H. L. Banta, Barber Shop.
- Amelia—Edgar Peterson, Cream Station.
- Emmet—Mrs. Guy Cole, Emmet Hay Company.

What You Buy With WAR BONDS

Torpedo Junction

"Awash amidstship!"
 "Sparks," the radio operator, has sent his final message from another U-boat victim. The lifeboats are pulling away from the doomed vessel as millions of dollars' worth of food, supplies and munitions settle to the ocean bottom in another allied catastrophe in the Battle of the Atlantic.

Millions of dollars' worth of material that was paid for by the dollars we saved and invested in War Bonds. Thousands of man hours have been lost.

We can have but one answer: work harder, save more and invest more frequently in War Bonds.

FOR SOUND PURPOSES BANKS AND THE WAR

Yes, you still can borrow

IN WAR as well as peace, people need money to meet special conditions. While borrowing for non-essential purposes is discouraged by the government, the various loan regulations recognize that people will always need funds for certain sound reasons. If you want a loan, see us. If your purpose is one for which loans may still be made, we will welcome your application. It costs nothing to get the facts, and this is the place to get them.
