But Here's How You Can Help Us To Serve You Better

★ Wartime restrictions—tire and gasoline conservation and loss of experienced personnel to the armed forces place an extra burden on the employees of your Consumers Public Power District. It is our solemn pledge to maintain the highest standard of service possible—your cooperation will help us in serving you and will aid the war effort.

- Take care of your appliances—Follow these tips:
- Clean and dry appliances thoroughly after use.
 - Hang cords up to avoid knots and kinks.
 - Keep cords away from heated surfaces.
 - Never jerk cords to disconnect—grip the plug.
 - Oil motors and appliances regularly if required.
 - Avoid overheating appliances.
 - Never immerse heating elements or motors in water.
- Proper care will save needless repair.

- When you call our service man, give us all the time possible. This will enable us to group calls—thus saving precious time and transportation equipment so vital to the war effort.
- Arrange to be at home when the service man calls—to prevent useless trips.
- Make simple repairs to cords and appliances and replace fuses yourself whenever possible.
- Take your appliances to your appliance dealer or bring them to our repair department for repairs—Remember, always bring along parts as they must be submitted to secure replacements.
- Try to be at home when the meter reader calls or arrange for him to get in to read your meter, thus preventing call backs.
