Robt. Storz Pays All-Time High, \$1659, For Finest Calf Ever At Ak-Sar-Ben

Pronounced by judges to be the finest calf ever shown in Nebraska, "Torpedo," 790-lb. Hereford, won the 4-H baby beef grand championship honors at the Ak-Sar-Ben Livestock Show in Omaha last week.

The calf was shown by 12-year-old Jack Hoffman of Ida county, Iowa, whose 4-H feeding and grooming skill was handsomely rewarded. For "Torpedo," when sold at auction brought the highest price ever paid for the champion in Omaha and elsewhere.

Mr. Storz immediately arranged for Jack to show "Torpedo" at the International Livestock Exposition, Chicago. There, he will be withheld from auction, and donated to a service organization for the benefit of the armed forces.

The purchaser was Robert Storz, vice president of the Storz Brewing Company, and last year's commander of Omaha's American Legion Post No. 1, largest in the world. A picture of "Torpedo" is shown on this page.

The Storz Brewing Company has for many years been a strong supporter of better livestock in this territory.

Supervisor J. C. IN MEMORY OF MAMIE DUSATKO

On October 21 it was one long year. Since you left us, Mamie dear, she is gone, but not forgotten. And as dawn another year, in our lonely hearts of thinking, thoughts of her are always near. Days of sadness will come o'er us, friends may think the wound is healed. But they little know the sorrow that lies within the heart concealed. Sadly missed by husband and children.—Jerold Dusatko and Children.

THANKS

I am taking this means in thanking the many friends of O'Neill and Holt county who sent the beautiful flowers, messages of cheer and cards during my illness at the hospital in Omaha. I also want to thank the editor for sending The Frontier to me.—J. C. Stein.

AAA News Notes

A record of all sales of milk and butterfat, after October 1st, should be kept by all milk producers.

A payment based primarily on the increased cost of feed since September, 1942, will be made to dairy producers. Considerations will also be given to the differences between prices now being received for milk and those received during the immediate pre-war years. Thus, the payment will be higher in areas where the quantity of purchased feed is larger and feed costs have advanced the most and where that advance in prices received for milk since the period immediately preceding our entry into the war have been the least.

WFA officials advise dairymen to keep accurate records of their sales of milk and butterfat and of their purchases of dairy feeds, including hay, beginning October 1, 1943. Where payments are made

directly to the producer, this record of sales and purchases and the supporting evidence will be filed with the county AAA office. The WFA points out that the feed payment program is for a three-month period. It is expected further consideration will be given to the whole milk production production program by Congress and appropriate administrative agencies before the expiration of this period.

MEAT DEALER PERMIT ORDER REVOKED

Food Distribution Order 26 has been revoked, effective September 30. The order has required all livestock dealers (except farmers) to obtain permits to buy and sell livestock and to keep records of their operations.

The War Food Administration announced that beginning October 4 the Commodity Credit Corporation in making sales of wheat to feed mixers will limit the use of such wheat that is bought for mixed feed purposes to feeds for dairy cows and laying hens.

FOOD... will win the VICTORY!

That's him!—"Torpedo"—the 780-lb. Hereford that won grand championship honors in the 4-H baby beef class at the 1943 Ak-Sar-Ben Live Stock Show last week.

He's a beauty! "Finest calf ever shown in Nebraska!" agreed the judges. Shown by 12-year old Jack Hoffman, Ida County, Iowa, whose 4-H feeding and grooming skill was handsomely repaid.

For "Torpedo", at the auction, broke all existing records by drawing a bid of \$2.10 per pound—\$1,659.00 altogether!

The buyer was Robert Storz of the Storz Brewing Company, for years one of the high bidders at these events.

Mr. Storz immediately arranged for Jack to show "Torpedo" at the International Live Stock Exposition at Chicago. Later, he will be donated to some important service organization for the benefit of the armed forces.

The Storz Brewing Company, for many years, has been a strong supporter of the 4-H

live stock activities, and an advocate of improved farming methods.

THESE DAYS, especially, Storz is deeply interested in farm production. Because FOOD is playing a major part in winning the victory.

More Food is the great need, today. More Food for our training forces... our fighting forces... our allies... the starving peoples of occupied countries.

And Storz certainly takes his hat off to the farm folks of the Mid-West for the truly magnificent job they are doing. MORE LIVE STOCK AND GRAIN IS BEING PRODUCED IN THIS AREA THIS YEAR THAN EVER BEFORE IN HISTORY!

If you are not engaged in agriculture, may we not urge you to lend your support to the production of food. Remember—there is more farm work to be done than there are hands to do it. Won't you volunteer your services in the harvesting of crops? Won't you aid in relieving the farm labor shortage?

Remember—FOOD is vital, now... FOOD can shorten the war!
