

THE FRONTIER

Renewal Of Motor Vehicle Operators' Licenses

Owen J. Boyles, assistant director of the motor vehicle division of the state of Nebraska, calls to the attention of all motor vehicle operators that Operators' Licenses must be renewed every two years from date of issuance of original license.

According to the reports from the different counties, it is indicated that there are a considerable number who are operating vehicles in violation of the Nebraska statutes.

Applications for renewal of Operators' Licenses need not be made in person, unless the original has expired more than 90 days after the same became due for renewal. In all cases where the Operators' License is more than 90 days past due, the applicant for renewal must appear before a patrol-examiner to take the examination as required on an original application.

Even though the individual may renew within 90 days without examination, this does not authorize him to operate a vehicle over the highways of the state of Nebraska after his license is delinquent.

Mr. Boyles therefore urges all persons to check their Operators' License to determine the expiration date.

Forty-two Children At Clinic Last Saturday

Forty-two children were examined by Dr. H. Winnett Orr and Dr. J. A. Henske at the Orthopedic Clinic held in the O'Neill high school last Saturday.

The doctors were assisted by Mrs. J. P. Brown, Mrs. Lynus Brennan and Mrs. John Osenbaugh. August Schneider, chairman of the Elks committee for crippled children, was present to supervise the noon-day lunch furnished by the Elks Lodge of Norfolk. One-hundred-eight luncheon plates were prepared and served by the following named ladies of Circle Number 2 of the Presbyterian church: Mrs. Pete Herford, chairman, Mesdames Moses, Spelts, Marshall, Scott, Peterson, Osenbaugh, Walling, Sauer, Noble, Shriner, Toy and Henry.

CEILING PRICE ON LUGGAGE

Dollars-and-cents ceiling prices for sales of new luggage at retail and wholesale are fixed by Maximum Price Regulation No. 476, which became effective October 16, 1943.

The regulation requires manufacturers to calculate retail ceiling prices for their products, and to mark this price on a tag attached to each piece of luggage they sell. Beginning December 1, 1943, it is illegal to sell luggage at retail without such a tag attached showing the legal ceiling price. You will not be asked to calculate your own ceiling prices on luggage shipped by a manufacturer after November 1, 1943. Items shipped to you before that date will have to be tagged by you after December 1, 1943.

Hospital Notes

L. G. Gillespie dismissed on Wednesday.
Miss Alice Bacon dismissed on Thursday.
Mrs. Simon Bosn, a daughter, born Monday.
Mrs. Daniel Page and baby dismissed on Monday.

This office received a letter last week from J. S. Kirwin, of Boise, Idaho, enclosing a renewal of his subscription to The Frontier for another year. In his letter he says: "I prize The Frontier more and more as time goes on, as it keeps reminding me of the many good friends of the good old days and the pioneers of Holt county. My best wishes to all of those who remember me, as well as the ones I have forgotten." Mr. Kirwin was one of the pioneers of this county, coming here with his parents about 1879 or 1880 and was for many years a resident of this county. He has been living in the northwest for many years, his last visit to the "old home town" being three years ago this fall.

The O'Neill Woman's Club will meet with Mrs. Cowperthwaite on Wednesday November 17, at 2:30 p. m.

Mrs. J. P. Brown, Mrs. C. E. Lundgren and Mrs. L. A. Burgess entertained twenty-four guests at a dinner Wednesday evening at the home of Mrs. Brown. Prizes were won by Mrs. W. T. Spelts, Mrs. C. J. Gatz, Mrs. George Marshall, Mrs. Henry Lohaus and Mrs. Harry Peterson.

attends Wayne State Teachers College, spent the week-end here visiting her parents, Mr. and Mrs. Tom Higgins.

Pvt. Donald Lowery, son of Mr. and Mrs. Fred Lowery of this city, has recently arrived somewhere in Italy.

Pvt. William Biglin was recently transferred from Camp Roberts, Cal., to Santa Rosa, Cal. He is a member of the S. T. A. R. unit.

Mr. and Mrs. Francis Curran entertained Mr. and Mrs. Roy Parr, Mr. and Mrs. Bob North, Mr. and Mrs. Bert Ott and family on Sunday, in honor of Pvt. Chas. Worth, of Texas and Sergeant Robert Ott, of Newfoundland.

FIRST REAL STORM OF THE SEASON

The first storm of the winter season visited Nebraska last Saturday night and continued until Tuesday. In this section about six or seven inches of snow fell, which was piled in drifts as a thirty-five or forty mile wind blew from the northwest for two days and a half and the snow was piled in drifts, at fence corners, in hollows and gulleys and in front and around buildings in the city. One thing about the storm it did not get very cold here, the lowest being 16 above zero on Monday night.

The storm was much worse east of us, more snow and colder weather. The snow fall in the Sioux City area reaching about one foot and was drifted in piles and highways blocked. The Sioux City-O'Neill bus did not operate for two days. The O'Neill-Norfolk bus was also idle for a day on account of the storm. The southeast portion of the state also received a heavy snow fall and roads were also blocked in that section of the state.

The storm extended over a large area reaching down into Missouri. A few lives were lost in the storm. A young man 23, was in Bloomfield Sunday evening and left there for his home, about five miles from town. He never reached home. His car was found the next day on the road not far from the highway, but his body was not found until Tuesday afternoon. He was married and the father of one child. Other deaths from the storm are reported from Iowa and South Dakota.

Ellen Jane Enders

Ellen Jane Riley was born at Lafayette, Wisconsin, on May 2, 1864, and departed this life at Whitefish, Montana, November 4, 1943, at the age of 79 years, six months and two days.

In 1880 she moved with her parents to Holt county, Nebraska, where her father settled on a homestead 4 1/2 miles south of Inman. She lived in Inman vicinity the balance of her life with exception of last four months, when she went to live with her daughter at Whitefish, Mont.

On March 10, 1885, she was united in marriage to Wilson Hossie. To this union six children were born. Mr. Hossie preceded her in death, passing away in the year 1893.

She was united in marriage to Charles Enders on March 4, 1897, to which union was born one daughter. Mr. Enders passed away June 2, 1924.

In early life she united with the Methodist church and had always been a faithful worker for the church and her Master, and to her family. Her departure marks the passing of another of the pioneers who endured the early hardships in the settling of Holt county.

Left to mourn her passing are four sons: James Hossie of Inman, Neb.; Arthur Hossie of Sturgis, S. D.; Roy Hossie of Whitefish, Mont.; Lemuel Hossie of Vancouver, Wash.; one daughter, Mrs. Hazel Conger of Whitefish, Mont.; two brothers, Joe and Minor Riley, thirteen grandchildren and a host of friends. **

ST. MARY'S HANDS BUTTE GOOSE EGG

Last Friday night, November 5, under the lights at Carney Park, St. Mary's defeated Butte with a score of 18 to 0.

In the first period of the game the Cardinals were really in for victory for, with perfect blocking from the rest of the team, Clark ran over for a touchdown, which made the score 6-0. That score remained until the half, Butte holding the Cardinals during this period.

At the beginning of the last half the Cardinals again showed good blocking and handling of the ball and Clark ran over in the first minute of the third period making the score 12-0. The Cardinals failed to make the extra point either time. Clark again went over for another score in the same period and the score was 18-0 and again the extra point was missed.

During the fourth period Butte held the Cardinals and the game ended with a score of 18-0. Jim Merriman, St. Mary's quarter back went out of the game in the third quarter with an injured knee.

On Friday night, November 19, St. Mary's will play their last game of the season with Lynch at Carney Park. It is going to be a good game, for St. Mary's will try hard to close the season with a victory.

The Weather

	High	Low
November 5	49	28
November 6	54	31
November 7	40	23
November 8	23	16
November 9	29	19
November 10	43	22
Precipitation	25.	

Mrs. Homer Mullen spent the week-end in Scribner visiting her husband and friends.

Mrs. John Grutsch left Wednesday for Sioux Falls, S. D., to visit her sister, Mrs. Claude Johnson.

Holt County Exceeds War Fund Quota

Acting on instructions from the state chairman of the United War Fund the Holt county chairman prepared the quotas for each town and precinct in Holt county on the basis of 42c per capita. After these quotas had been assigned, the committees appointed and publicity given to the quotas and appointment of committees in Holt county, an announcement from the Lincoln headquarters raised the quota from 42c per capita to 48c per capita, making Holt county's quota in the drive \$7,945.00.

Both the original quota and the state quota have been oversubscribed. In closing the campaign the chairman for Holt county wishes to thank all those who worked so faithfully on committees, the publicity director, Ralph Kelly, the newspapers that gave such splendid publicity to the campaign and finally all those who contributed so generously to this most worthy cause.

All funds collected as indicated by the final statement, have been remitted to the state headquarters for the United War Fund of Nebraska at Lincoln.

EDWARD M. GALLAGHER, Chairman, Holt County United War Fund Campaign.

No Sale At The Local Yards Last Monday

Owing to the storm here last Monday, the sale at the local auction yards was cancelled. The next sale will be held Monday, November 15. There will be five registered purebred Hampshire boars offered for sale at this auction.

Pvt. Fredrech E. Jungbluth departed Tuesday for Pittsburg, Calif., to which camp he has been transferred from Camp Perry, O., after spending two days visiting his mother, Mrs. Margaret Jungbluth, and other relatives over in the Chambers county.

BREEZES FROM THE SOUTHWEST

By Romaine Saunders
Atkinson, Nebr., Star Rt. No. 5

I heard of a voter the other day who thought he had been voting for Teddy Roosevelt.

No amount of pay ever made a good soldier, a good teacher, a good artist or a good workman. John Ruskin said it a long time ago, but was there ever a time it was more pertinent than now?

Whatever the individual may think of Lewis and his miners, they brought both government and mine owners to terms in the sum of \$1.50 per day wage increase, which will now be passed on to "we the people." Lewis gets results.

I have done some ad writing and a lot of ad setting. Not posing as the scientist, but I can see very little appeal in the ads prepared by the war advertising council and the U. S. treasury department. Ad writing that gets results is something different than managing a war.

An explosion, a crackup, a disaster and life is needlessly sacrificed. Then an "investigation." The time to investigate, to make sure, to protect those whose lives may be placed in jeopardy, is before disaster comes. Investigators after the thing has happened are about as useful as honorary pallbearers.

This from the Department of Agriculture down at Washington: "There is nothing quite like a tossed weed salad, preceded by an entree of burdock stems in batter, topped off by cattail pollen pancakes." They have put a lot of things over on us but they can't get away with that. We'll stay by the buckwheats, butter and honey.

A young woman left her purse containing \$23 and other valuables on the counter after purchasing groceries. Returning to the store, discovered the purse was missing and reported it as "stolen" at police headquarters. Believe if I left a wallet like that I wouldn't care to advertise my dumbness by calling the blue coats.

Raymond Bly has secured the old unoccupied residence at the lower end of the John Bower ranch, will move it to his ranch and convert the building into a barn. Mr. Bly has been appointed assessor in Swan precinct, the office having been made vacant by the removal from the county of Rafe Shaw, who assessed the property in the precinct for many years.

Election results in the east add emphasis to the, political drift away from the present setup in the White House. Yankeeland must have its periodic political house cleaning and it looks like '44 is the year. The woods are full of republican presidential timber, while the new dealers have the one old reliable. It will be a courageous soul who ventures to take over the heritage from the nation's capital.

November. It has been written about as melancholy, brown and sober. It is also celebrated in song as the happy season "when the frost is on the pumpkin and you hear the kyouck and gobble of the struttin' turkey-cock." It tells of days of drifting clouds; amethyst, sapphire and jasper tints bathing the horizon at the dawn and twilight hour; of moon and stars glowing from night's purple velvet; of wind scattering dry leaves and rolling tumble weeds; of trees raising nude arms to rain and sheets of long evenings when a gale moans out of the north and sucks at doors and windows; of the warmth of firelight, the lure

Another Pioneer Passed Away This Morning

J. K. Ernst, one of the pioneer residents of the county and one of its most highly esteemed citizens, passed away at his home northwest of this city at 11:20 this morning. He had been a resident of the county for fifty-nine years and was a little over 70 years of age. He had been in poor health the past three years but able to be up and around. He is survived by his wife and eight children, three sons and five daughters. Arrangements for the funeral had not been completed at the time of going to press. An obituary notice will appear next week.

Commercial Club Had Good Meeting Tuesday

The O'Neill Commercial Club held their regular meeting at the Golden Hotel last Tuesday evening, November 9. There was a large attendance and a very interesting meeting.

Committees were appointed to arrange a meeting to entertain the farmers and ranchers of the territory around O'Neill, in the near future.

A committee also was appointed to again invite Santa Claus to again visit the city with treats for the children.

The possibility and advisability of starting a Boy Scout Troop in this city was also taken up and discussed, but no definite action was taken.

ASKED TO REPORT FARM LABOR NEEDS

Farmers who are looking for farm labor and especially corn pickers are asked to make their needs known to the County Agent. Although some of these orders cannot be filled immediately, quite often some out of the county labor is asking for war work and cannot be placed. To make the most efficient use of what labor is available, it is necessary that both the farmer and laborer report their needs to this office.

of brown doughnuts and hot cocoa, the pop of red apples when bitten in to. It tells of a horn of plenty, of spiced pumpkin pies, of Thanksgiving cheer, of a bountiful Creator who, in basket and in store, has provided for us another season.

The week began with a blizzard. Brown shafts of grass landed in the wind drifting snow. Horses in the open hung their heads close to earth and stood on an angle with the storm. Compared to '88 it was nothing. Compared to a list of November storm still earlier revived memories. My parents had anchored their faith and planted their family on Holt county prairie. The house, ample for size and habitable but not yet finished. Barn and stock shelter planned but lumber not yet hauled out. That early autumn storm caught us lone prairie dwellers with no shelter for the few head of stock we had except a pile of hay and a wagon. But prairie cattle, like prairie housesteaders, were made of stern stuff. The storm had abated by the next morning and those cows shook the snow from their backs and went about their business of feeding. As the wind moans tonight sifting the powdered emblem of winter across the land the boy of that distant day, again anchored to Holt county prairie, sits by glowing coals with every living thing under his care abundant in shirtsleeves again and the full-throated note of the hardy meadow lark will float from the top of a fence post.

Mr. and Mrs. George T. Robertson of Omaha, and Mrs. Richard P. Orth, of Lincoln, were weekend guests of Mr. and Mrs. George C. Robertson.

Mr. and Mrs. Dick Robertson entertained the following guests at their home on Sunday: Mr. and Mrs. E. C. McElhaney of Omaha, Mr. and Mrs. George T. Robertson of Omaha, Mrs. Richard P. Orth of Lincoln, Mr. and Mrs. George Robertson, Mr. and Mrs. Sam Robertson and Raymond and Mr. and Mrs. Ralph Ernst and family.

Ffc. and Mrs. Robert Miles and daughter, Betty Jean, spent Monday in Chambers visiting Mrs. Miles' parents, Mr. and Mrs. Ray Leinhardt.

Charles Berger spent from Sunday until Monday here visiting his brother, John and family, and other relatives and friends. His home is now in Houston, Texas.

Miss Margaret Higgins, who Circle No. 2 of the Presbyterian church will meet this afternoon at the home of Mrs. Anton Toy. Mrs. Lula Quig is assistant hostess.

Mrs. Clara Miles entertained at a family dinner at her home Tuesday evening in honor of her grandson, Pvt. Robert Miles, of Camp Abbott Oregon, and his wife and daughter.

Mr. and Mrs. Dean Reed and daughter moved to Hastings on Tuesday. Mr. Reed will leave soon for the army and his wife and daughter will make their home in Hastings for the duration.

NEW DEALERS ARE ON THE WAY OUT

Judging from the election returns of last week in different states it is evident that the rule of the New Deal is about over. Thenext time the voters get a crack at them they will be sent to oblivion. There were not many elections held this fall, but what there were, the republican candidates were triumphant.

The republicans carried the state of New York, electing their candidate for lieutenant governor with a majority of about 350,000. The democratic candidate had the support of the administration, Jim Farley and the labor party, but he went down to defeat. This victory is especially gratifying to republicans.

In New Jersey the republicans elected their gubernatorial candidate with a very nice majority, which indicates where that state will line up in the next election.

Philadelphia elected a republican mayor, despite the active support of the administration of the democratic candidate.

And old Kentucky also embraced the republican elephant on election day and elected a republican governor and all of the state officials except two. This is the first time that Kentucky has gone republican for many years and clearly indicates the trend of politics in the good old U. S. A.

O'Neill Nurse In The Philippine Islands

The Daily Press carried a special message from Normugas, Portugee, India, the latter part of the week, as follows: "Dozens of Army Nurses left behind in the Philippines after the Japanese occupation, have been administered to the ills of interned American civilians, repatriates who arrived here aboard the exchange liner Gripsholm. Among the nurses in the Santa Tomas Camp in Manila is Madeline Ullom, of O'Neill."

Miss Ullom is the daughter of Mrs. M. L. Ullom of this city and has been in the Philippines for about three years, and was there when the Japs captured the city.

Elaborate Plans Laid For Induction Of WAC

Elaborate plans are underway for honoring the second unit of the Nebraska WAC Company to be sworn in under the All-States Plan. The unit, which is hoped will number 100, will be featured in the Armistice Day parade in Omaha, being the only group to ride in jeeps.

Following the morning parade, the Nebraska women will be sworn into the Corps at a ceremony at the Armory. They will receive their basic training at the First WAC training center, Fort Des Moines, Iowa. The WAC band from Fort Des Moines will participate in the parade.

Applicants may choose their branch of service — air corps, ground forces or service forces. Faced with a drastic need of women for vital behind-the-lines services, the Army Air Forces began this week an intensive campaign to enlist 46,000 recruits immediately in the Women's Army Corps.

In stressing the urgency of the need for "Air WAC's," recruiting officials pointed out that commanding officers of AAF installations had requested many thousands of additional women to perform scores of specialized jobs. Nebraska women who volunteer for the air corps will train with a Nebraska Company during the six weeks of basic training, at the end of which they are assigned immediately to an air corps job.

SCRAP NEWS

We have just been informed that arrangements have been completed whereby army trucks will be collecting scrap in Holt county in the very near future. This plan has been very successful in adjoining counties and we believe the time has arrived for all scrap to be moved. Do not be misled—and think the Army is "buying" scrap.

Holt County Scrap Committee. Harry E. Ressel, Chairman.

Miss Jean McCarthy went to Omaha Wednesday to spend Armistice day visiting relatives and friends.

Miss Margaret Teel, Texarkana, Arkansas, spent last Thursday here visiting Mr. and Mrs. Floyd Wilson.

Sergeant Louis Peter, son of Mr. and Mrs. Frank Peter of this city, has arrived somewhere in Italy.

Pfc. Verne Eppenbach returned to Fort Leonard Wood, Mo., last Saturday after visiting his mother and other relatives and friends.

Pfc. Luther Schulz, son of Mr. and Mrs. Robert Schulz of this city, has recently been transferred from Louisiana to Los Angeles, California.

Mr. and Mrs. Appleby of Omaha, and daughter, Mrs. Gene Saunders and baby of Portland, Oregon, arrived Saturday to visit relatives and friends here.

Miss Grace Suchy and Miss Helen Bowers spent Armistice Day in Norfolk visiting friends.

Lots Of Home Canning In Holt County

A report which will be of interest to Holt county people was tabulated at the county agent's office last week. 140 members of Women's Project Clubs reported they had preserved, by different methods, food totaling 70,327 quarts which is an average of 500 quarts per family, canned since April, 1943.

These women reported they had preserved 22,194 quarts of vegetables by canning, 1427 quarts by freezing, 322 by drying, 7026 by storing and 753 by brining.

The same 140 homemakers reported canning 16,562 quarts of fruit and 4,980 quarts of meat, while 17,063 quarts of meat were preserved by freezing.

Well over 50 per cent of those reported the family food supply was improved in 1943 by making changes in home food production. This report, covering a representative group of families over the county, gives a good idea of the contribution of rural people to the food supply of the nation as well as the saving of ration points.

Farmer Ownership The Goal Of P.C.A.

Orderly return to the Treasury of government capital in Production Credit Associations was the main topic of a state-wide conference of Production Credit representatives held in Omaha on November 4th, according to D. C. Schaffer, president of the O'Neill Production Credit Association, who returned from the meeting last Friday.

"Reserve and capital structures of the associations were analyzed," said Schaffer, "and the generally favorable financial condition of the associations, along with present favorable prices and unlimited demands for farm products, indicates that now is the time to start plans for return of government capital in the Production Credit associations."

"Production Credit associations have now been operating for ten years," Schaffer commented. "That period has been one of steady growth in membership and constantly improving credit service to farmers. The 'getting on our feet' period has passed and the great majority of the associations now want to get on the basis of farmer ownership and control of the short-term credit cooperatives which the Farm Credit Act intended when it established this credit service."
