

NEAR-DISPERSION of BY THE WAY RANCH HEREFORDS

**We Are Keeping Only 50 Cows
Over 200 Head at Auction, June 20th**

90 cows with 50 calves at foot and many of them re-bred; 45 two-year-old bred heifers; 15 top yearling heifers; 13 bulls, including the show and herd bull, VIA Bocaldo 118th and other promising herd sire prospects.

The Sires

There will be 15 calves at foot by the great show and breeding bull, Carlos Royal, and 50 cows and heifers bred to him. Several will have calves at foot by the late lamented Aster Real and others bred to him. Our new Banning-Lewis bred herd bull, Dominus 37th by Colorado Domino E-10 is being mated with many of the cows. VIA Bocaldo 118th, that outstanding show and breeding son of Mary's Bocaldo, not only sells but has more calves in the sale than any other sire. He is of straight Hazlett breeding.

Only in a near-dispersion like this would the opportunity be offered to buy cattle of such outstanding merit and blood lines.

Get a catalog. It tells All.

By The Way Ranch, Valentine, Nebr.

FOUR ^{And One-Half} MILLION DOLLARS SAVED

For The People
BY REFUNDING THE BONDS OF YOUR CONSUMERS PUBLIC POWER DISTRICT

Public Power Assures Additional Benefits for All
Refunding the bonds of your Consumers Public Power District marks another milestone in the progress of your state-wide electric system . . . progress for Nebraska and every Nebraskan.
The four and one-half million dollars savings represent the savings in interest which will accrue from year to year over the life of the bonds. These savings are actually savings for the people of Nebraska who are the owners and are served by the District. Substantial additional savings each year are assured through the consolidation of the eight divisions into one efficient state-wide operating group and additional operating economies made possible by the new bond resolution. Already the people of Nebraska have received benefits totaling more than five million dollars from the operation of your state-wide electric system. As these additional savings accrue from year to year, even greater benefits are assured.
An abundance of low-cost electricity and a debt-free electric system, owned by the people, is the sole purpose of your Consumers Public Power District . . . greater achievements in this program are being realized from year to year as the District operates.

Additional Benefits are Assured as Savings Accrue

Electric Rates Already Reduced \$452,000 per Year

Owned By The People Serving The People

Nebraska's low-cost Public Power attracts industry . . . brings more jobs . . . more business and better living for Nebraskans.
