SAYS:
'A BEER LICENSE IS
A PRIVILEGE -- NOT
A PROPERTY RIGHT'

A beer license is an important privilege granted (after careful consideration) to one party in one location. It cannot be sold or transferred.
This Committee's first purpose is to educate and encourage license owners to be fully worthy of their privilege. This requires the operation of a clean sanitary tavern . . . in such a temperate, law-abiding manner that all the community will approve.

THE OLD JUDGE SAYS...

"Good morning, Doc. Your good wife tells me you're working night and day now that so many of the younger doctors are in the army."
"That's right, Judge, and I'm glad I'm still able to do it. Had a long letter from Harry... that bright young fellow I was breakin' in to take over my practice. He said the boys in the service are getting the best medical care of any armed force in our history. They really should with all those brilliant doctors and plenty of supplies to work with."
"Speaking of supplies, Doc, not many people realize that a large part of the alcohol required to make the medical supplies that are being used right this minute to alleviate pain, combat infection and save human lives, is produced by the beverage distilling industry. For nearly two years this entire industry has been working night and day producing nothing but alcohol for the government's program."
"Nobody knows better than I, Judge, what an important contribution to our war effort that has been."
