 The small grain harvest in the county is about completed and, on the whole it is one of the best crops ever raised in the county, and the quality is number one. Wheat has been running around 30 bushels per acre, barley from 25 to 30 and oats as high as 65 bushels. There were many oat fields that averaged better than fifty bushels per acre. Now give us a good corn crop and we'll be happy.

Still, we're not going to blame anybody else—when, occasionally, we must take a little longer than usual to service your car.

There'll come a day—soon, we hope—when we'll be able to restore our famous pre-war service. Until then, we'll continue to do our best to keep you happy because we both know "there's a Ford in your future." In the meantime, thanks for being patient!
