IT WAS STORZ AGAIN IN 1945!

FIRST IN QUALITY FIRST IN SALES IN NEBRASKA

Again in 1945 more Nebraskans asked for Storz Beer than any other brand. That honor has gone to Storz for many years. Storz is first in popularity because it is first in quality. All through the war, even though supplies were limited, Storz maintained the highest quality standards. This brought an unexpected problem. The superiority of Storz beer was so outstanding that ever increasing numbers of people asked for it. We produced to the limit of our supplies, but still could not fill all the demand. If your dealer is out of Storz now and then, remember, popularity is the reason. New equipment has been bought and new buildings are under construction to enlarge our facilities, but it may be some time before we can catch up completely. Never the less, Storz today is making more beer for Nebraskans than anyone else, and that beer is the finest you can buy.
