SMALL DOSES -- Past & Present: Painting the Prairie

By ROMAINE SAUNDERS, Special Correspondent

The breeze is perfumed with the fragrance of sweetclover bloom; the steady roar of a quiet prairieland.

The Amelia postoffice serves three routes—a far cry from the beginning of mail service at that point, when the bag of mail was carried on the back of a sturdy pioneer, who walked the 38 miles to O'Neill with it.

A friend bearing the title with scholarly dignity gave me this definition of the word "emeritus": em - out; eritus - he ought to be.

The Frontier introduces a new word — "countyan," that rather grates on an acquired sense of orthology. NOTICE TO OIL DEALERS

Notice is hereby given that the City Council of the City of O'Neill, Nebraska. will receive sealed bids for one carload of 38-40 prime white distillate, delivered in the tanks at the pump house. Bids will be opened at the regular meeting of the City Council on Tuesday, August 6, 1946, and bids must be on file before that date.
