The ceremony was read by Rev. E. B. Maxcy, of the Inman Methodist church, under an arch doorway decorated with Autumn leaves and ferns. There were 40 present.

## HUNTERS FIND FEW PHEASANTS

## Late Freeze in Spring Blamed for Death of Young Birds

The first shot in the 1946 pheasant season may not have been heard 'round Holt, but most of the subsequent ones were. Hundreds of hunters swarmed into every nook-and-cranny Saturday in an all-out campaign against the male birds. The season officially opened at 6:28 a. m. It closes January 5.

Many hunters bagged their limit in the first day's shooting, but most agreed that birds are not plentiful. The lack of young birds indicated that a late freeze last Spring had killed most of the eggs.

The huntsmen invaded the city on the eve of the season's opening. The hotels were filled to capacity, most of the reservations having been made weeks before.

Fearful that the pheasant population might be annihilated, state game officials Wednesday were considering closing the season short of the 79-day schedule.

A record number of outstate hunting stamps were sold, and the highways were saturated with Iowa, Missouri and Kansas automobiles.

Some hunters predicted that the birds would be easier to find later on when the cover is gone.

Prospects are brighter for the nimrods in the waterfowl department. The abundance of moisture is attracting many ducks and geese.

St. Mary's is conducted without tax funds. It is evident that if the academy were not here, the tax bills for school purposes would be almost doubled," the spokesman continued.

"Appreciative citizens will make a gift to St. Mary's for the purchase of coal," he added.

Dr. Kathryn Maunder, of the University of Nebraska, came to Holt county last week to further a study of rural pupils in which she is comparing their intelligence with that of their city cousins.

So anxious was Dr. Maunder to reach a rural district near Atkinson on Friday that she engaged a tractor to take her over roads that had been made impassable to automobiles because of recent rains. She was accompanied by another woman, a graduate student at the University of Nebraska.

The doctor's visitation included administering IQ tests to pupils.

Returning to O'Neill the educator did not comment on whether or not the day's trip had been worth the effort, but indicated that the material gathered (from the pupils) would have a place in her report.

## EAGLES SPLIT DURING WEEK

## Ainsworth Wins 13 - 6 Thriller; Spencer Downed 25-0

The O'Neill high school Eagles broke even on the gridiron during the past week, losing to Ainsworth, 6-13, in the first reversal of the season, then bouncing back with a 25-0 smearing of Spencer.

In Friday's fracas with the Ainsworth Bulldogs, the Eagles opened strong, marching from their own 40 to the Bulldog's goal while in possession of the ball for the first time.

Ainsworth knotted the count in the second period, and the half ended 6-0.

The third stanza was a see-saw affair.

In the fourth, Ainsworth's Halfback R. Laverty broke through O'Neill's right side and scooped 60 yards before he was downed on the O'Neill 3 by Halfback Dick Tibbetts, who had overtaken the fleet Laverty after being alone for 40 yards. Both Laverty and Tibbetts are 120-pound speedsters.

The Bulldogs added a center plunge to Mr. Laverty's setup, and the game was won.

It was O'Neill's first loss in five starts. Ainsworth is undefeated in north-Nebraska league play.

On Tuesday the Eagles pounced on an inferior Spencer aggregation 25-0. Coach F. E. Sandon used reserves for more than half of the game. The Eagles pushed across two touchdowns in both the first and second halves. Fullback Ray Calkins and Halfback Dick Tibbetts did most of the ball carrying.
