O'Neill Destined to Be 'The City of the Northwest'

60 YEARS AGO October 6, 1887 O'Neill presents quite a metropolitan appearance this week and the many visitors here speak in praising tones of our little city. She is destined to become at no distant day the city of the northwest, and even now lays it over all other towns along this line. Though not as big as Norfolk or Chadron it is a far better town and more substantial, and in a few years will be ahead of them all. If the FE & MV railroad company would do its duty and erect a handsome depot and eating house here they would then be repaying the people somewhat for their extensive patronage. O'Neill does more business and is a source of more revenue to the railroad than any town of its size on the whole route.

25 YEARS AGO October 5, 1922 Ed O'Conner, of Emmet, received a number of cuts on his face and hands when he was thrown through the windshield of his Ford car last Thursday evening. It seems that Ed was driving on the grade north of O'Neill when the car departed from the straight and narrow way and landed up against the bank on the opposite side of the ditch, causing Ed to travel through the windshield. Both Ed and the car were badly damaged.

50 YEARS AGO October 7, 1897 Married at the residence of the bride's brother, James Stout, in Tekamah, at 12 o'clock noon, Rev. Lewis T. Watson, of Omaha, officiating, Miss Maud E. Stout, of Tekamah, and Dr. J. P. Gilligan, of this city. Mr. and Mrs. Gilligan returned from Tekamah Tuesday evening, and were met at the depot by the band and a large crowd of friends armed with Roman candles, who gave them a royal welcome. They immediately entered a carriage and were driven to the residence of Mr. Hicks, where more friends and an elegant lunch awaited them.

THOMAS A. EDISON DID NOT INVENT THE ELECTRIC LIGHT. IT WAS INVENTED IN PRINCIPLE BY SIR HUMPHRY DAVY IN ENGLAND 45 YEARS BEFORE EDISON WAS BORN. THE DAVY LIGHT WAS A PRIMITIVE ARC LIGHT. ELECTRICITY WAS MAN'S FIRST SERVANT. IN SPITE OF THE FACT THAT THE COMMERCIAL DEVELOPMENT OF ELECTRICITY IS LESS THAN 100 YEARS OLD PREHISTORIC MAN MADE USE OF IT. ELECTRICITY GAVE HIM FIRE. IN THE CENTURIES BEFORE OUR PRIMITIVE ANCESTORS INVENTED A WAY OF LIGHTING A FIRE THEY WERE FORCED TO FOLLOW AN ELECTRIC STORM UNTIL THEY FOUND A FIRE STARTED BY A BOLT OF LIGHTNING.

The HISTORY of ELECTRICITY. Today, electricity is generally recognized as the universal servant, performing countless valuable services in homes, on farms and in industry . . . and at the lowest cost in history. Nebraskans are taking greater advantage of the benefits of state-wide electricity until electrical consumption by customers of Consumers Public Power District has nearly doubled during the past ten years.

Two-DAY AUCTIONS At The Atkinson Livestock Market Starting Monday, September 29th and Tuesday, September 30th We will sell calves and yearlings every Monday and all other cattle on Tuesdays, starting on Monday, September 29th. For our Monday sales, calves and yearlings will be sold as listed. First listed, first sold, so list them in advance and assure yourself a good position in the auction. Calves will be sold right off the trucks ONLY on Monday, so have them in on that day.

Hogs will be sold every Tuesday — starting at 11 a. m. from now on. Any hogs arriving after 12:30 will not be sold until after all cattle have been sold—so please have them in in the morning. Regular Tuesday cattle auctions start at 12:30 noon for the next three months. No cattle sold off the trucks on Tuesdays from now on. Monday is the day we sell calves and yearlings off the trucks. From Monday, September 29th to Monday, November 10th we hold two auctions a week—calves and yearlings on Mondays, all other cattle on Tuesdays. Please tell your friends. It Will Pay You To List Your Cattle Early. ATKINSON LIVESTOCK MARKET Phone 89, Atkinson ATKINSON, NEBR.
