Sick and Injured

ATKINSON—The condition of Gary Alton, son of Mr. and Mrs. Elvon Alton is "improved." He has been ill with pneumonia. . . . Thomas Morgan is recovering in Our Lady of Lourdes hospital at Norfolk following an appendectomy last Thursday. . . . Elmer Spence was taken to a Norfolk hospital last Thursday for an appendectomy. . . . John Raymer, 2, nephew of Claude Raymer, has returned to a Lincoln hospital for treatment. . . . Mrs. A. J. Engler, who has been critically ill, has been removed to a hospital at Gordon by her daughter, Mrs. Robert Hollstein, who is a nurse there. . . . Earl Miller, who is a patient at the Veterans hospital in Lincoln, arrived in Atkinson Christmas day to spend several weeks with his family. . . . Vern Wilbern is a patient in St. Joseph's hospital.

O'NEILL — John McClellan returned last Thursday from St. Vincent's hospital at Sioux City where he has been a patient. He is being cared for this week at the home of his sister, Mrs. William M. Egger. . . . Little Nan Beha, 5, daughter of Mr. and Mrs. William Beha, was ill Monday and Tuesday with influenza. . . . M. DeBolt, of Scottsbluff, father of D. D. DeBolt, is ill. Mr. DeBolt and family spent Friday through Sunday with Mr. DeBolt. . . . John Kennedy is on the sick list. . . . Mr. and Mrs. Laurence Jonas and son, Richard, went to Omaha Sunday where Mr. Jonas received a "medical checkup."

Hogs Off at Omaha During Biggest Run in Over 4 Years

Hogs broke 75c to \$1.50 Monday at Omaha as receipts topped the 25,000-mark. It was the most hogs on sale at Omaha in any one day since May, 1944, or in over four and one half years.

Butchers weighing 180 to 360 pounds sold at \$17 to \$20. The \$20 top was lowest since October 14, 1946, the last day the OPA ceiling of \$15.90 prevailed, but Monday's average price was still above that of \$18.25 in May, 1948.

Fat cattle Monday at Omaha sold weak to \$1 or more off in extremely dull and erratic trade. Most sales ranged from \$21 to \$25, with heifer top \$25, and yearling-type steers and a few mixed yearlings to \$30. Cows were also weak to \$1.00 lower, canners and cutters largely \$14.50 to \$16.50, and most beef cows \$17.00 to \$18.50 a few \$19.00 to \$20.00. Bulls, higher by \$1 to \$1.25 last week, were 50 cents to \$1 lower Monday, to be stopped at \$22-75. Veal calves, however, held to the dollar-higher top of \$29-000 first reached last week.

Stockers and feeders sold unevenly weak to \$1.00 lower, mainly at \$21-50 to \$23.50, steer calves to \$25.00. Fat lambs were weak to 50 cents off, better kinds 23.50 to \$24.00.

Second Severe Storm Causes Heavy Damage to Consumers Power Lines

Nebraska had barely recovered from the damaging November blizzard when a second unusually severe storm, bringing freezing rain and snow driven by extremely high winds, cut a swath of additional destruction through the central and northeastern part of the state December 28.

Electric and communication lines were literally riddled in some areas as the storm moved in to Kearney, Lexington and Loup City areas with considerable damage reported in the Albion, Newman Grove and Norfolk districts and in the area through O'Neill to the Southwest corner of the state.

Several major construction crews of Consumers Public Power district from the York, Beatrice and Pawnee City districts were rushed into the Kearney and Grand Island areas to assist local crews with emergency work, making a total of about 100 men working in the area.

Seven additional crews from Columbus, Hartington, Norfolk and O'Neill teamed up, making another 100 men to cope with the storm in the Albion, Norfolk and O'Neill areas.

CITY PONDER'S PLOW PURCHASE

O'Neill's city council met in emergency special session on Tuesday to discuss the snow situation.

Several councilmen had a line on a rotary snowplow that could be purchased immediately and put to work clearing the streets and alleviating the fire hazard. They expressed belief that with the streets choked with snow an outbreak of fire might threaten large sections of the city and prove costly.

On the other hand, Mayor H. E. Coyne said the city's treasury was depleted in view of heavy municipal expenditures during the past year. The proposed plow would cost in the neighborhood of eight thousand dollars. Removal of only a part of the snow in the business district following the November blizzard cost the city well over one thousand dollar.

Mayor Coyne estimated several times that amount would have to be spent to move the snow now on the streets.

Meanwhile, the city has made arrangements to lease a combination maintainer-snowplow outfit from an Omaha firm. It is expected to arrive here today (Thursday). An option to buy may be written into the agreement if rotary plans are abandoned.

Uncle Sam Wants Share

January 1 used to have one meaning—New Year's day.

Now it has another also for wage earners—time to start figuring how much the income tax is going to take.

Farmers and others who do not file estimates of income with the collector of internal revenue have until January 15 either to (1) make an estimate and plunk down 75 percent of it or (2) make the actual and complete return.

Those whose income is subject to the regular withholding tax or who pay in quarterly installments on the estimated income plan will have until March 15 to complete their 1948 returns.

Owing to bad weather and impassable conditions of country roads, C. W. Porter, deputy collector of the O'Neill zone office, said Tuesday that the previously published itinerary for deputy collectors could not be carried out.

Mr. Porter said: "In order to comply with the regulations, those unable to contact us or some one else to assist them to complete the return, on or before January 15, 1949, should file an estimate on form 1040-ES paying the tax so estimated on or before January 15, and then anytime before March 15 complete the regular return and pay the balance of the tax shown or apply for a refund if the estimated tax was too high."

Deputy collectors will be on hand at the O'Neill zone office on Tuesday, Wednesday, Thursday and Friday, January 11, 12, 13 and 14. Collectors will be at Chambers and Atkinson on Monday, January 10. These will be the only calls made in Holt county.

O'Neill district was divided into sections and electric energy was rationed to each section on an hourly basis.

Although repair work was greatly hampered by the driving blizzard, and travel was almost impossible on snow-blocked roads, crews of Consumers Public Power district worked throughout the storm and planes took to the air as soon as flying was possible to locate damage.

It is extremely unusual for storms of such severity to hit this area with such frequency, and lines expected to withstand such severe storms only once or twice in 10 or 15 years.

Ed Scott on Champ Sugar Bowl Quint

ATKINSON—Ed Scott, former St. Joseph's academy basketball ace and now a member of the St. Louis (Mo.) university cage team, played in the Sugar Bowl tournament at New Orleans, La.

Scott's team won the meet, turning back Holy Cross and the University of Kentucky.

Scott's coach is Ed Hickey, formerly of Creighton university in Omaha. When Hickey went to St. Louis, he took the St. Joe great along with him. Scott saw plenty of action in both Sugar Bowl games.

In St. Louis eyes are focused on Sophomore Ed, who is considered capable of finding the hoop from all over the court—an art he learned to profession on an outdoor private basketball in an Atkinson alley. He features a soft, one-handed push-shot. Scott's defensive work and speed in the break mark him as a major factor in the Billikens' future plans.

Future Subscribers

Mr. and Mrs. Ernest Thorin and family and Mr. and Mrs. Ed Thorn and LaVonne were Christmas guests of their mother, Mrs. Clara Thorin.
