cellent Diamond Jubilee Edition, and have filed it with other editions for future reference and ideas.

I realize the immense amount of research, and the long hours of work which went into such an edition, and must say you never left a stone unturned to make the issue one of great value to your community, a history of early events which will serve many purposes in the years ahead.

As such editions usually are, it was a work of love and a contribution to the community which will never be fully appreciated. From a financial standpoint it will not swell the bank account, but it is a worthy public service and a splendid community service.

Complete and well rounded, the literary content was excellent, the coverage complete, the makeup, advertising composition and press work, leaving nothing to be desired. A work of art, and congratulations on the splendid project.

Yours cheerfully,
FRED W. HILL,
Owner, Editor.

(Mr. Hill in 1947 was president of the National Press Association. In Commemorating the Iowa Centennial, Mr. Hill's Reporter produced an 84-page special edition and The Frontier's Jubilee staff borrowed ideas freely from that source.—Ed.)

Dear Cal:

Was so impressed with your Diamond Jubilee Edition that I took it home and read it almost column for column.

Congratulations to each and every one of the Frontier staff, and the contributors, for a big job well done.

I'm sending the full edition on to our Publishers Auxiliary editor, as I know he will be interested in looking it over.

Sincerely,
Western Newspaper Union,
MAY YARD.

The Frontier

O'Neill, Nebraska

Dear Carroll:

Many thanks for the copy of your Diamond Jubilee Edition. It is a monumental creation, and I read it with great enjoyment. I am taking the liberty of sending it on to a professor here who was born and reared in Nebraska, and he too will enjoy it, I am certain.

Sincerely,
BRUTUS HAMILTON,
Director of Athletics.

Romaine Saunders,

The Frontier,

O'Neill, Nebraska.

Dear Romaine:

Frontier came today. I take off my hat to you. Your work shows a master mind at research. How well I remember the oldtimers—nearly all gone. I missed a photograph of Mike Harrington and Tom Golden. Both endorsed my note to Ed Gallagher for \$100 to get to West Point for the first time I learned of General O'Neill. I thought he was a general in the Civil War.

Dear Frontier Staff:

Please accept my heartiest congratulations on the success of your Jubilee Edition, a copy of which reached here the other day.

It is the biggest weekly newspaper I have ever seen and one of the biggest of any kind and its quality equals its size.

The edition not only contains a record-breaking number of pages, filled with historic matter and news stories and features of great interest, but the volume of advertising it carries is immense.

Every page of the paper reflects workmanship and accuracy of a high order.

The Jubilee Edition of The Frontier is a priceless record of O'Neill and Holt county over a period of 75 years and I think that every member of the staff from the editor-in-chief down is entitled to the utmost credit.

Yours for Continued Success,
F. D. STONE.

THE PILOT - TRIBUNE

Blair, Nebraska, July 2, 1949

Dear Cal:

I have just finished wading through 64 pages of Frontier, and am now covered up with pages. While my Negro slave attempts to put your historical issue back together again and release me from this trap, allow me to extend my congratulations to you and the whole crew.

Of course, I am insanely jealous that you should surpass our 48-pager of last April; nevertheless, my father always said to smile bravely in such crises (25c word) and pretend not to be jealous at all. "Smile bravely in such crises and pretend not to be jealous at all," he'd say.

So, old man, congratulations on a job darned well done. But please don't send any dollar copies down here to Blair to dim my own lustre, which is already dimming as April slides back into limbo.

Mr. C. W. Stewart, Editor,

The Frontier,

O'Neill, Nebraska.

Dear Mr. Stewart:

We want to congratulate you on the tremendous and excellent 75th Diamond Anniversary issue of The Frontier. The number of advertisers and the large volume of advertising gives one a more realistic picture of the many and varied services which the City of O'Neill offers to your large trade territory and explains why O'Neill is such a rapidly growing community.

Congratulations and Good Luck!

Cordially yours,
E. W. ROSSITER,
President.

My son, Clarence E. Haley, of Hartington, sent me your Diamond Jubilee Edition. I am enjoying it greatly. It brings memories back to me, as I lived there with our big family for quite awhile. Was married there 60 years ago.

What I started this letter for is to ask you for the address of W. E. Meals, of San Diego, Calif. I was his first teacher (Miss Emma McNichols.) Want so much to write him a line as I remember him very well.

Respectfully,
MRS. WM. E. HALEY.

(The address you request is going forward.—Ed.)
