In the Building Just Vacated by the Hoffman Electric Service

BUILDING AND PLANNING FOR NEBRASKA'S ELECTRICAL FUTURE

Electric facilities throughout Consumers Public Power District are rapidly being improved and expanded to keep pace with increased electrical use and provide for Nebraska's electrical future.

Construction of facilities totaling \$7,500,000 approved for 1949 is well under way in an extended program of expansion and

improvement started following the close of the war. Even while men and machines are busy building, new plans for even greater expansion are in the

Consumers Public Power District, in cooperation with other power agencies operating in the state, is developing plans for new expansion to assure greater electrical advantages for all Nebraska users, farm and city alike-whereby greatest economy and ef-

ficiency will be achieved for all. Truly, Nebraska is building electrically and with this valuable expansion, comes new progress for Nebraskans who are constantly making greater and greater use of low cost electricity.

CONSUMERS DUBLIC OWER DISTRICT
