As their 9 children were growing up and some of them leaving home, Mr. and Mrs. Snelson presented each a Bible with their name engraved on it. A detailed discussion of Federal Housing Authority's (FHA)

In an interview with the "Voice of The Frontier" on Saturday morning, April 8, Mr. and Mrs. Snelson told listeners "that it feels mighty fine to be married 60 years.

The Snelson's 9 children range in age from 56- to 34-years-old. They have 21 grandchildren and 22 great-grandchildren.

For the occasion Mrs. Snelson was attired in a flowered print silk dress of purple, yellow and nation. Her accessories were a string of pearls and a gold broach.

The 9 children-a son and 8 daughters—were present. From the oldest to the youngest, they

Assemblies of God to Double Missionary Giving-

Duly elected and appointed district missionary representatives from 35 of the 41 districts of the general council of the Assemblies of God, meeting in conference with the Assemblies of God foreign missions department at Springfield, Mo., recommended that the missionary giving of their fellowship be doubled during the fiscal year 1950-'51, and that a goal of \$10,000,000 be set up for the biennial period ending June 30,

Giving of the organization for the fiscal year 1948-'49 to-taled \$2,060,309.29, according to Rev. Wayne Hall, pastor of the Assembly of God church in O'-

Neill The Assemblies of God have been among the leading Protestant denominations in missionary giving during the past few years. One of the reasons for the founding of the fellowship was that missions might be promoted. The Assemblies have more than 650 missionaries on 57 foreign fields.

Reverend Hall states that his congregation will be partici-pating in the extension of the mission program of the organization.

# MODEL HOUSING PROGRAM IS TOLD

Prospective New Home Pine Owners Hear FHA Plan at Spelts-Ray

home improvement program was conducted Monday night at the offices of the Spelts-Ray Lbr. Co. Two-dozen prospective new home owners were present at the informal gathering.
R. E. ("Dick") Spelts,

Grand Island, assistant general manager of the 16-yard organization of which Spelts-Ray is a member, told his listeners how FHA would guarantee a loan up to 95 percent on a new home costing \$6,316 for a period gray. Her corsage was of red of 30 years; or 90 percent on a roses centered with a white car- new home costing \$7,000 or more and 80 percent on the balance for a period of 25 years. These loans, he pointed out, apply to owners who propose to live in these homes.

For investors, FHA has a plan for simplex or duplex housing units on which 80 percent of the loan will be guaranteed on a 20-year program.

Spelts traced the origin of FHA which was intended to encourage lending agencies to become active in housing. To-day, Spelts said, "FHA is unique in the governmental bureau setup in that it shows a profit."

FHA in Nebraska has lost only \$286 on "bad loans" since its inception - this on repair

The Spelts firm already has completed its 189th house under FHA financing in towns in

which the firm operates.

Hugh Ray, head of the firm here, states that "we are ready ing were:

These houses are not prefabricated, will be ley, of Chambers; Mr. and Mrs. are not prefabricated, will be built by local carpenters, wired by local electricians, fitted by are not prefabricated, will be local plumbers."

Spelts said 95 per cent of the demand for new homes is in the low-cost range. Earlier the firm had experimented with a 1-bedroom house costing less, Mr. and Mrs. Charles Schaller, of Long Pine; Mrs. Etta Ott, of Amelia; Mrs. D. G.
