ATKINSON CANT AGREE ON SITE

So Ground-Breaking Rite and Hospital Building Are Held Up

ATKINSON—A group of Atkinson people drove to Shelton Sunday, April 6, to look over the recently constructed community hospital there. It is similar to the one the Atkinson group has planned for Atkinson. Mrs. Ed Humpal, president of the Atkinson AVV club, said Monday, April 17, that they received "much valuable and friendly advice."

Those making the trip were Mr. and Mrs. Charles E. Chace, Mr. and Mrs. Castner, Mr. and Mrs. B. H. Wilson, Mr. and Mrs. Ed Humpal, Mr. and Mrs. Robert Gaylor, Mrs. Algot Hammerberg, Charles Dvorak and Mrs. Robert Martens.

There has been some indecision as to the location of the proposed hospital.

Plans had been made for a groundbreaking ceremony to be held on a city owned plot east of the depot, but these were abandoned. Many objections were filed, stating that this location was too near oil storage tanks.

Various other objections were given and finally a compromise measure was accepted to give each group a chance to gather

Nimrods Harrassed By Duck Flights

ATKINSON—Duck hunters have been harrassed, mentally, by large and numerous flights of ducks along the Elkhorn river in recent weeks.

The ducks, teal and mallards, are so bold as to flutter down and investigate lowly barnyard mudpuddles.

Observers say it is extremely unusual to see so many ducks on the water in an open space in this country and they did not light for a short rest and food. They have been swimming in water on hay meadows along the Elkhorn for many weeks now. As the surface overflow recedes to the main channel the ducks go with it. Smaller groups are seen here and there most any time you chance to look.

A meeting Monday, April 17, was expected to settle the issue, but the site for the new hospital still is not determined.
