## How To Become An Expert Fisherman

With Fishing Week May 20-26, you are probably anxious to improve your fishing skill.

The old-timer will tell you that you can learn more by spending a single day with an experienced fisherman than you can in weeks by yourself.

And the same is as true in beer-retailing as in learning to fish. New dealers learn how to operate their places properly by observing the experienced, successful retailer. They learn, also, from the suggestions of the beer industry in its continuing educational program — a program for clean, wholesome places.
