MOTHS CAN'T SMELL! That's why odor alone will not repel or kill them. They must be suffocated by evaporating chemicals in sealed compartments such as garment bags and plastic storage containers. While a flying moth means danger eventually, you know that it is the larvae that really do the damage. A thorough airing in the hot sun prior to storage will do much to keep your moth-sus-ceptibles moth-free.

NOW SHOPSMITH JIGSAW 700!

This new complete accessory for

Because of SHOPSMITH'S versatility, the addition of this new attachment provides a precision 18 inch jigsaw. Still one tool ... one space... one motor... a complete home, workshop.

MERE'S WHAT IT DOES. As a jigsaw it cuts plain or intricate curves . . . to the center of 36 inch panel. As a saber saw it cuts any size panel. With special blades it files and sands metal and plastics, too. Accommodates unlimited length.

SIMPLE TO SET UP. This jigsaw works right on your SHOPSMITH - that rugged but compact tool (\$169.50 without motor) which combines in one unit a circular saw, vertical drill press, horizontal drill press, lathe, and disc sander. In a matter of seconds the jigsaw can be fitted conveniently into place, utilizing SHOPSMITH'S motor, bench and work table. Stores flat against wall.

EASY TO OPERATE. SHOPSMITH'S table tilts for beveled curves. Built-in blower. Adjustable hold-down keeps work firmly in position. Attachment for lamp.

STURDY CONSTRUCTION. Rigid cast frame. Grease-sealed ball bearings - requires no oil bath. Balanced crank drive mechanism fully enclosed. Precisely machined working parts.

Come in and see this jigsaw now...see it and SHOPSMITH in operation. Examine it closely. There's nothing like the SHOPSMITH \$2995
