

Ground-Breaking Induces More Gifts

(Continued from page 1.)
 a \$50 gift to St. Anthony's.
 E. C. Weller, Atkinson auctioneer, was called upon from the audience by Mr. Corkle to make a few remarks.
 He predicted that those persons in the Sand Hills area who will be relying on St. Anthony's for their well-being will not fail in conducting the project through to a grand finish; that our forefathers tamed and developed the West during difficult circumstances, and it is the obligation of this generation to further the development with the erection and operation of this hospital.
 Weller pointed out that St. Anthony's is being built largely through contributions from persons of every race, color and creed.
 The ceremony was a feature of the 2-day American Legion-sponsored progress celebration.
 St. Anthony's downtown office headquarters will be reopened this week to raise more funds through contribution.
 Buff or light tan brick and white cement were selected for the hospital.
 The general contractors Saturday unloaded equipment and a tool shed and storage room is already under construction. Water and power have already been provided the building site.

with the WD and mounted plow

So much has been said about plows and plowing, that talking can't prove anything. But we know the performance of this outfit will. Let us demonstrate the Allis-Chalmers WD Tractor and 2-bottom mounted plow. If you have a tough field that needs a real plowing job, we can show you:

- An outfit that plows your fields the way you want them plowed.
