

'FREAKISH' HAIL STORM AT LYNCH

LYNCH—The storm Saturday was "very freakish," the hail stamping out the entire crop for one neighbor and the other neighbor not even seeing a hail stone.

The fast-coming clouds looked wicked and people prepared themselves for a bad storm.

Hail strip was about 5 miles wide and 50 miles long. Some farmers at Gross report complete crop losses and also a far east in Knox county as Pishelville there are also complete crop losses. Its path was northwest to southeast.

ICE CUBE TRAYS THAT
STICK fast to your refrigerator freezing shelf are a nuisance. Wash and dry trays and shelf, then rub outside of trays and shelf with a cloth dipped in salad oil. Or try a thin coating of paraffin on the bottom of the trays. Using either method, trays will slide right out when you need them.

NOW'S THE TIME to plan your back-to-school sewing. And that means it's time to see McDonald's exciting new fabrics for school-going clothes. Come see the new "Square Dance" cotton twill plaids, only 79c a yard... new fall rayon gabardines, also just 79c... famous QUADRIGA percales for 44c... and a glorious array of cottons and other fabrics to make up into the smartest and prettiest school wardrobe ever. See the new SIMPLICITY patterns, too... real soon.

IF YOU ARE ONE who has struggled with a razor blade to remove spattered paint from linoleum, window panes and other home surfaces, here's an idea. Apply a bit of acetone (nail polish remover) to absorbent cotton and rub over paint spots. See how quickly and easily paint disappears.

KIDDIES KEEP COOL during hottest days in famous TUMBL TOGS boxer shorts. Colorful, washable denims, twills, and other cottons... all Sanforized for permanent fit. Easy-fitting elastic waist. Cool plain colors or novelty prints. Tots and toddlers' sizes. At J. M. McDonald Co. . . 69c to 98c.

JUST A REMINDER that you get every 13th pair of nylon hose at no cost to you, after you buy 12 pairs as you need them at McDonald's regular low prices. Ask your J. M. McDonald Co. salesperson about the

HOSIERY CLUB. Start wearing these super-value SILHOUETTE and QUAKER nylons. If you haven't worn the new long-wearing twist-construction nylons, try them. Get every 13th pair of your favorite hose without a penny.

WHEN YOU SEW snap fasteners on clothing, here's a simple way to get both parts to meet at the same point. Sew one part on first. Then rub the part with chalk and press it firmly against other side of garment. Chalk that comes off marks spot for other half of fastener.
