CARE OF JERSEY, popular fall fabric, occupies our thoughts again. If closets are crowded, just roll or fold worsted jersey garments and place them in a drawer by taped loops fastened to the waistlines. Turn jersey dresses inside out and hang them by taped loops fastened to waistline, too.

FALL FAVORITE, too, is pinwale corduroy. This sturdy fabric is ideal for skirts, jackets, suits, pinafores, children's wear and many other fall and winter garments. Find a wonderful buy in pinwale corduroy at J. M. McDonald Co., in fall's best and newest colors. 36 inches wide, colorfast. Only 1.49 a yard.

UNNATURALLY CURLY EDGES on oil cloth can be avoided easily. Use a cup or saucer (depending on size needed) to trace a scalloped edge, then trim along scalloped line. Cuts the curl and helps to prevent ripping.

SLEEP EQUIPMENT at McDonald's includes two outstanding values in bed pillows. They're plump and puffy, packed with just the right amount of sterilized feathers. No skimping. Ample size, covered with good quality ACA ticking. Chicken feather pillows . . . \$1.29. Duck feather pillows . . . \$2.98.

KEEP 'EM COVERED, the pillows, that is, with sturdy plastic pillow covers. Just the right size for regulation size pillows. Seams are taped to provide long wear. Zipper openings open and close easily. Covers are easy to keep clean and they keep pillows clean, too. Help to relieve allergy sufferers besides. Buy plastic covers for all your pillows at only 69c.

UNLESS WE'RE EXPERTS, most of us get paint on door knobs and hinges when we paint. Try this: Cover parts and areas (not to be painted) with petroleum jelly BEFORE you paint. When you finish the job, just wipe off jelly and paint comes with it.
