LETTERS TO EDITOR

Dear Frontier:
 Saw my daughter-in-law's letter in the paper recently and hope they send her paper to Mrs. Alfred Ross, Weaverville, Calif., box 148.
 First off, that Ross family called Alfred's father by long distance to greet him for his birthday anniversary, November 13, but somehow connections were bad. So Charley Ross, the father, couldn't hear his greetings. This was too bad as we all would have liked so well to have heard the dear voices.

Mrs. Alfred Ross had tucked a little note in her last letter for me, warning me so I wouldn't be nervous at long distance calling, and feel something was not well. We miss them so much, but it seems we can't expect all our children to stay close to us.
 MRS. CHARLEY ROSS

Presbyterians Plan Vesper Program

ATKINSON — Christmas services at the Presbyterian church this year will be an unusual combination of a consecration service and pageant. Considerable effort will be spent in the preparation of scene and costumes.

Characters will be portrayed almost exclusively by adults. Since this is a vesper service—5 to 6:15 p. m.—members have an opportunity to invite friends from other churches to be with them, and members will also be at liberty to attend the exercises of other churches.

Later in the evening a light supper will be served in the basement of the church at 6:30 and gifts and treats will be distributed from the tree.

Ressels Honored by Their Children

Mr. and Mrs. Harry Ressel were surprised Thursday, December 7, by their children, Mrs. Edward McManus, and children, Mrs. Claressa Sullivan, and children, and Boyd Ressel, in honor of their wedding anniversary. Cake and ice cream were served.

Miss Nan Sullivan visited her parents, the Pat Sullivans, for the weekend.

THE FRONTIER

IT'S BUILT FOR KEEPS!

IN the difficult years ahead, that new truck of yours will have to put out more—and take it longer. So there are many reasons you'll be wise to choose a GMC!

You'll get the constant dividend of GMC's greater pulling power—truck-built horsepower with greater sustained torque than other engines.

And with that power goes the greater stamina of GMC's rugged truck-engineered frame. In practically all models, from 1/2 ton up, you get such extra value features (at no extra cost!) as Synchro-Mesh transmission, Tocco-hardened crankshaft, airplane-type bearings, and Lifetime Weathersealed cabs. They all tell you that longer life and lower maintenance are standard equipment with a GMC.

As your GMC dealer we are transportation engineers, specializing in selecting the exact combination of the right engine, axle, transmission and frame for your particular trucking job.

That's why there's a special GMC truck waiting for you. Come in, let us show you why GMC is your best buy for the years ahead!
