

Frank Brady Heads Game Commission

ATKINSON—Frank J. Brady, of Atkinson, was named 1951 chairman of the state game, forestation and parks commission at the capitol Monday morning.

He succeeds Dr. Herbert B. Kennedy, of Omaha. Lynn D. Hutton, of Norfolk, was named vice-chairman, succeeding Brady.

The commission set several new fishing regulations.

The trout season will now be open all year, effective February 15. Last year's season was from April 1 through October 31.

Bag limit and possession were set at five trout each. Last year it was 20 pounds plus one trout, but no more than 10 trout.

On white bass, bag limit and possession were upper from five each to 10 and 10.

Bag and possession were lowered on crappie from 15 and 15 to 10 and 10.

The commission also set a 25 and 25 limit on bag and possession of perch, which was formerly unlimited.

Club Elects

PAGE—Members of the Bid-or-Bye Bridge held their pay off party Tuesday evening, January 9. The four high score winners entertained the four lows at a dinner at the M & M cafe at O'Neill. After returning to Page they went to the home of Mrs. Gerald Lamason where they held their business meeting. Officers elected were: Mrs. Lloyd Fulselman, president, and Mrs. Ralph Larson, secretary and treasurer. After the business meeting bridge was played.

O'NEILL LOCALS

Mrs. Jack Storm and baby, of Ainsworth, were visitors at the home of Mr. and Mrs. Fred O. Robertson Sunday afternoon, January 14.

Mr. and Mrs. Clyde McKenzie and Mr. and Mrs. Raymond Revell drove to Lynch Sunday, January 14, to visit Mr. and Mrs. Clyde McKenzie, sr.

Mr. and Mrs. Ed Vech, of Verdell, were guests at the home of Mr. and Mrs. C. E. Melena on Thursday, January 11.

Mr. and Mrs. Ed McManus went to Sioux City Sunday, January 13, and returned home on Monday.

Mr. and Mrs. J. E. Dvorak, of Bonesteel, S. D., were guests at the home of Mr. and Mrs. J. L. McCarville, sr., Sunday, January 14.

Dakota Calves in Big Stampede

EWING—A stampede of 75 choice Hereford calves spelled a busy weekend for Clinton and Dallas Stonebraker, brothers who operate a ranch 6 miles south and 10 miles west of Ewing.

The Stonebrakers live in Neleigh. When Clinton went to the ranch about 5:30 p. m. Saturday he discovered the herd of 400- to 500-pound animals gone and two gates and fences smashed.

Neighboring ranchers joined the search for the animals, which continued through the night. They located some of them by the calves' bellowing.

Early Sunday Clinton's three sons, Delmont, Delbert and Newell, joined and the search fanned out. A group of Herefords was found 4 miles south, another group 6 miles north of the home place.

By 2:30 p. m. all the animals had been located. The brothers reported that aside from some cuts the calves did not seem any the worse for the run.

The calves recently were purchased in South Dakota.

May Schedule Evening Class

A meeting for the organization of two college courses will be held at the O'Neill public school on Saturday, January 20, at 10 a. m., it was announced this week by the new Holt county superintendent of public instruction, Alice L. French.

These two courses are geography of Asia, taught by Fred Dale, and public school music, taught by Mr. Hassel, both Wayne college instructors.

The prerequisite for the geography of Asia would be geography of Europe or geography of North America. This course may meet in the evenings, Miss French explained.

The annual march of dimes campaign will be held in the schools January 15 through January 21, inclusive.

"The schools have helped carry the ball in the fight against polio, and we're going to help again this year. We hope all teachers will aid the campaign this month. Please return cards with the dimes by January 31 to this office," the superintendent added.

Visit Amelia

Laurence Dexter spent the weekend in Amelia at the Ed Dexter home. Callers at the home of his parents, the Arthur Dexters, last Thursday were Mrs. Laurence Rothchild and Mrs. Garold Rothchild and daughter, of Atkinson, and Mr. and Mrs. Raymond Bly, of Amelia.

Fly to California to Attend Funeral

AMELIA—Mr. and Mrs. Raymond Kenny returned the first of the week from California. They went to La Crescenta, Calif., by plane to attend the funeral of Mrs. Kenny's aunt, Mrs. Pearl Johnson.

It Costs More To Provide Dependable, Efficient Electric Service Today

Your Electric Rates Are Among The Lowest In The Nation

Since Consumers Public Power District has been in operation, electric rates have been repeatedly reduced until electric users have saved over \$8,000,000.

Present rates based on 1944 costs

Your present low electric rates were established as a result of general rate reductions granted in 1944, based on operating costs which existed at that time. You are well aware of the constant increase in the cost of virtually all commodities and services since 1944.

Increased use and efficient operation have helped to maintain low rates

Through substantial increases in the use of electricity and efficient operation, it has been possible to maintain your low electric rates, even while many other utilities were forced to increase rates, and we were hopeful that a leveling-off would come so that it would not be necessary to readjust your electric rates upward.

Present Rates Inadequate For Increased Costs.

With the outbreak of the Korean situation and attendant conditions, which have created further increases in operating costs, present low rates are no longer adequate to meet the further increased operating costs and maintain your electric properties in a satisfactory condition to adequately meet electrical requirements.

Therefore, effective with bills rendered on and after February 25, 1951, it is necessary that we withdraw a small portion of the rate reductions previously granted, which will result in a modest increase in electric rates for residential, rural, commercial light and for industrial services.

We know that you fully appreciate the necessity of this action and we assure you that we will continue our every effort to bring you the most efficient electric service at the lowest possible cost.

Schedules covering the new rates are available at your Consumers Public Power District office.

Fuel oil costs \$1.4% more.

Electric poles have increased 85.3%.

Coal has increased 30%.

Gross arms have increased 118.3%.

Wire has increased 85.9%.

Skilled Electrical Workers cost over 50% more.

Transformers cost 22.2% more.

Cost of natural gas for power generation has increased 44%.

Insulators cost 48.8% more.

Electric meters cost 44.4% more.

Your Electric Rates Are Still Among The Lowest In The Nation—the biggest bargain in your budget.

CONSUMERS PUBLIC POWER DISTRICT
