We Lose Face Either Way

What can we do in Korea?
The man, or men, that can answer that one would get the \$64. It is generally conceded that we have taken a licking and the chances are excellent that we will be pushed out entirely if the Chinese are willing to expend the men and material necessary to do the job.

There isn't much doubt that Chinese and North Koreans have the men to push us into the sea if they feel so inclined, and there isn't too much we can do about it. Actually we have only about two alternatives which may be considered. We can stay and fight to the bitter end or we can merely fight a delaying action to gain the necessary time to carry out an evacuation of the greatest number of men and material possible. Perhaps the choice has already been made. It would be foolish indeed to stay and fight, knowing all the time that victory is impossible.

To follow a course such as that would bring back memories of Hitler and foolhardy, futile stands he made before Stalingrad, refusing to retreat even though it was the only correct military solution to the problem.

It has been said that we must fight to the last man in order to "save face." To our way of thinking we would be saving more face by recognizing an impossible position, withdrawing and living to fight another day. A complete military disaster would certainly involve complete loss of face and it appears as if that is what it will be if we are compelled to fight 1,330,000 Chinese with a force of a little over 100,000.

Make It Honest!

(Guest Editorial from Dakota County Star)

The biennial campaign to broaden Nebraska's tax base already has begun.

The assault again this year will be to capture the two percent sales tax.

We hope the sales tax is sold on the basis of its merits, and not hidden behind the easy claim of "replacement."

Every session the sales tax proposals are forwarded with the argument the income would replace taxes already on personal and real property.

This argument is a fraud!

Nebraska is threatening to bust its budgetary stems because most divisions of state government want more money. Property taxes don't raise enough funds to carry out the type of government so many of us seem to think we must have today.

So if a sales tax comes, don't say it will replace our property tax when we know it won't.

Call it the tax to get more money for schools, for higher salaries, for the University of Nebraska, or for assistance. But let's not keep trying to kid the people of Nebraska.

Replacement in Nebraska's economy is another Dodo bird—it's extinct.

Bellars Return from Trip

Mr. and Mrs. David Bellar returned last Thursday from a three-weeks' trip to California. In Oakland, they visited their son and his wife, Mr. and Mrs. Arthur Bellar, and girls. In Chicago, they were guests of Wilber Davis and family. Mrs. Bellar's sister and her husband, Mr. and Mrs. Jesse Davis, of Atkinson, were also present. They spent one weekend in San Jose with three cousins, who were formerly the Roseler girls from O'Neill. They are Mr. and Mrs. Mitchell Wilson, Mr. and Mrs. Lou Yearout and Mr. and Mrs. Waddell. They took a side trip and saw the flooded area. Harry Heeb did their chores for them when they were gone.

Pupils Get Belated Greeting from Cork

EWING—A very special holiday greeting came this week to the sixth and seventh graders in the Ewing public school, taught by Mrs. Mamie Housch. The belated greeting came from the boys' school of Blarney, County Cork, Ireland. Blarney Castle, with its famous Blarney stone, is near the Blarney school and all sorts of pictures, cards and souvenirs were included.

Letters between the schools are exchanged regularly, making it an interesting and worthwhile unit in English, geography and history.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but

Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."
