

## The Frontier Woman — Emmet Reader Wants Recipes for Cakes, Cookies Suitable for Sending to GIs

By BLANCHE SPANN PEASE

Greetings and salutations, Frontier folk! I don't believe a word of it but the calendar says May is breathing down the back of our necks and will soon be here. Just goes to show that old Latin book was right, time certainly flies!

Seems to me I ought to speak a word about dry cleaning. I hope none of you folks try to dry cleaning in the home. It's dangerous and you probably don't do a very good job anyway. Better send your clothes to a reliable dry cleaner. If everybody would do that many, many lives and lots of dangerous burns would be saved, not to mention homes and other buildings.

When you are washing clothes, don't guess at how much water softener, bleach or soap and detergents you are using. Measure everything. It will save you time, same you money and you'll do a more successful job with the clothes. Suds should be about inches deep in our washing machine. More than that is wasteful.

A ruler will show you when you are using the right amount. You'll soon find the right amount of soap to use and can stick to it week after week.

You will soon find that "bar-

"gain" soaps are not always bargains, particularly if they are unknown brands. Sometimes bargain soaps are adulterated. The best way is to buy by brand. Watch The Frontier and when there is a sale on your favorite brand, stock up on it and you won't be fooled by "just-as-gooders."

A good sequence for washing clothes is the table linens first. Wash them alone, even if they don't fill the washer. Next comes the bed linen and slightly soiled towels. Body clothes are next — underwear, shirts, very soiled towels. Light colored clothes come next, cotton and linen may be washed together. Overalls and play suits should be washed after the light colored ones.

Slightly soiled dish towels may be washed with table linen, badly soiled ones should be washed first with the body clothes, then given a second wash before the colored clothes are put in. Be sure you use plenty of rinses. Most home economists will tell you that "no rinse" soaps will do a much better job if you use a couple of rinses. When clothes are not rinsed they soon turn yellow.

When dampening clothes for ironing, use a clean whiskbroom kept especially for the purpose, a rubber bulb with a spray nozzle, or a bottle or can with holes in the top.

The important thing is to sprinkle evenly and to fold the clothes lightly—don't press in more wrinkles that must be ironed out.

Clothes are easier to iron if sprinkled and left for a time before ironing. If they must be ironed immediately, remember that hot water penetrates quicker than cold. White goods may be sprinkled the night before, but don't leave them damp too long, or they may mildew. This applies also to damp soiled clothes awaiting wash day. Make sure that everything is dry before putting it in the laundry bag or hamper.

Colored clothes that have been wrapped in a towel will need no sprinkling, but they should not be rolled with white clothes. Dampened prints should be rolled so that the pattern will not discolor other parts of the fabric. Even so-called fast colors if left damp too long may run or spread.

Dear Mrs. Pease: I enjoy your articles and readers' letters. We have enjoyed several of the recipes and labor-saving ideas. Here is my donation to the readers.

**SALMON CRISPS**  
Makes 9 crisps. Drain and flake 1 sixteen ounce can salmon, mix in 1 egg, slightly beaten, 2 tablespoons milk, 1/2 teaspoon salt, 1/4 teaspoon pepper. Shape into 9 oblong rolls. Roll in 1/2 cup fine cracker crumbs. Place in shallow pan. Pour 1/4 cup melted butter over the fish. Bake at 400 F. for 25 to 30 minutes or until golden brown.

**FRIED POTATOES WITH CREAM**  
Fry 1 quart sliced potatoes in 2 tablespoons hot lard. When potatoes are almost fried add 2 tablespoons cream of cream of mushroom soup. Salt and pepper to taste.

I would like some suitable recipes for cakes and cookies that can be sent to servicemen. Almost all cakes and cookies taste so dry and tasteless when they arrive.

### 212 Members Name Health Habits—

The 212 South Fork 4-H club met Friday night at the home of Mr. and Mrs. Bill Ermer for a business meeting. All members were present.

The meeting was called to order by the president, Joellyn Backhaus. Roll call was answered by naming a health habit. The minutes of the last meeting were read by Secretary Jennie Halsey.

We decided to meet at the home of Mr. and Mrs. Gene Halsey on April 27.

We played games, then Mrs. Ermer served a lunch of sandwiches, cocoa and cupcakes.—By Lois Strong, news reporter.

## Plain Kinds Cattle Off \$1 to \$2 Here

There was a fair run of cattle—about 350 head—at the O'Neill Livestock Market on Thursday, April 19.

Light yearling steers, 400 to 450 pounds, hit a top of \$42.00 but the bulk of them ranged from \$37.50 to \$40.00. Yearling heifers, the good kind, also in the 400 to 450 pound class, were quoted from \$34.00 to \$37.00.

The O'Neill market was slower on plain kinds of cattle, and from one to two dollars lower. Good cows were \$24.00 to \$26.25; cutters and canners, from \$18.00 to \$22.00; bulls, \$28.00.

There were about 500 hogs run through the O'Neill ring. Top butchers were quoted from \$21.10 to \$21.30; heavier butchers sold on down to \$18.00.

# THE "Blush" OF THE BARLEY...

THE individuality of flavor that distinguishes Old Style Lager starts with the barley... specially selected by our own experts at the very blush of top flavor. Barley is the soul of the beer. When choicest barley malt is skilfully combined with costly imported and domestic hops... when brewing is done with unhurried old-world care... when lagering (ageing) continues far longer than is usual in this country... then, and only then, can you expect a better beer—Old Style Lager beer! You'll love the smooth, the mild, the mellow taste of this fine light lager beer. Ask for Old Style Lager today. Always the same—always superb.

"We don't aim to make the most beer; only the best!"
