WORK SLATED FOR HIGHWAY 281

A project which will complete the construction of U.S. Highway 281 from O'Neill to the Spencer corner to modern standards will be among the jobs on which contractors will bid at a letting May 24, according to an announcement Wednesday by the state highway department.

From a mile and a third south of Eagle creek, this work will extend south to Camp creek. This proposed project, together with the construction of the 5 miles just north of O'Neill completed in 1950, the construction of 7½ miles just south of the Spencer corner for which contracts were awarded in December, 1950, and the work done in 1945, will bring all 27 miles of 281 north of O'Neill to standards suitable for bituminous surfacing, State Engineer Fred Klietsch said.

To grade the 5 miles to a 32-foot roadway width with no sharp inclines will require the excavation of about 128-thousand-cubic-yards of earth.

Three new concrete box culverts and 10 new metal culverts will be constructed. Two of the box culverts will replace narrow bridges now on the route. Many of the culverts now in place will be extended to serve the widened roadway width. On about a mile of the project, a 4-inch sand clay blanket course will be laid down over the finished grade to give the road a firm foundation.

At Midway, a detour road will lead 1 mile west, 5 miles south and 1 mile east to rejoin 281. The mile and a half of the project north of Midway will be open to traffic throughout construction. Laying culvert pipes, grading and graveling on the detour road will be included in the work on which contractors will bid at the letting May 24.

Construction of new concrete paving on U.S. Highway 20, between Belden and Laurel, is another project contractors will bid upon on May 24.

This paving will replace a 15-year-old bituminous mat. New paving was laid between Randolph and Belden in 1950. Highway 20 is concrete from Laurel to Sioux City.

Holt ARC DRIVE
Near \$3,000 Figure

Holt county has gone "over the top" with a total of \$2,998.80 in contributions to the 1951 American Red Cross membership and fund-raising campaign, Mrs. Thomas J. Sullivan, chairman, reported Tuesday. Late contributions are still coming in.

The record of the contributions of each town of the county is as follows:
O'Neill, \$1,200; Stuart, \$134 (incomplete); Atkinson, \$683.05; Emmet, \$211; Chambers, \$287.75; Inman, \$136; Page, \$222; Ewing, \$225.

Mrs. Sullivan said most of the credit for the success of the recent drive was due to the local chairmen and solicitors.

Mrs. Alice Bridges returned last Thursday from a 3-weeks' vacation in Los Angeles and Oakland, Calif., where she visited friends and relatives. Enroute home, she visited relatives in Casper, Wyo.
