LETTERS TO EDITOR

Phoenix,, Ariz. April 22, 1951

Editor, The Frontier: Well, my friend, here we are in

the valley of the sun, citrus groves, date palms and cactus-a full moon shining down through the palms and all that stuff!

They — the natives — tell me that after you once get this sand of the Salt river valley in your shoes you'll never leave Arizona. But that I doubt.

Those liars in Texas say, too, that if you ever drink water out of the Red river and get a little of that red mud in your gizzard you'll never leave there. But I've left it and gone back 3 or 4 times.

So to me that kind of stuff is only a fable. We arrived here Tuesday, April 17, and today found a place to live, which I term luck! You might call it "the luck of the Irish!"

I see a few signs over town such as O'Neill parking lot, etc., and when I do it's a little touch of home. Or did I live in O'Neill long enough to call it home? I think I did.

Now that I have found a place to live and will have the business going in a few weeks, perhaps this will begin to feel like home. But I hardly believe that I'll find so many nice people here as I did in O'Neill.

My home address will be, within a day or two, 2248 North 15th avenue, and you can send

I intend to start it here and later in Tucson,
