Heaven

Here are some of the proposals that passed: Revision of the li-

cense plate number system, es-tablishing of a civil defense agency, ban on firecrackers, social security, salary raises for state and county employees, loyalty oaths for teachers and all persons paid from state funds.

Statistics-These are the vital statistics on bills in the 1951 session:

Introduced	562	312
Killed	169	
Passed	354	
Withdrawn	39	
		1.1

In 1949 there were 546 bills offered of which 318 passed. Unicameral record for introduc-tion is held by the 1937 session legislation. with 581 of which 214 won final approval. The 1951 session was 102 leg-

111 in 1939.

About the Budget— The budget bill doesn't set a record for the total amount since council on which the department for the first time the \$7,500,000 heads would sit and be paid for auxiliary enterprises of the Uni- their trouble. This was an atversity of Nebraska is consoli- tempt to circumvent the constidated into the overall figure. tution which prohibits salary in-But the amount to come from creases oftener than once every

Who, for instance, is going to furnish the forms containing the oath?

The governor's batting average with the legislature was just so-so. When he asked for a freeze on state building, authority to set up a state guard and an appropriation for a state civil defense agency, the lawmakers complied willingly. That was at the very beginning of the session.

While he took no active part in the highway battle, everyone knew the governor favored re-enactment of the gas tax boost and at least had no objection to

And then, at the end of the session, the governor took it on the chin. His "back door" attempt islative days long, compared to to get pay hikes for his depart-100 two years ago and the record ment heads was blasted and his anti-gambling bill perished in committee.

## **Oliver Diesel 88 Tractor with** 2 - Row Cultivator

Another OLIVER achievement . . . the Diesel 88 . . . now on display. A diesel-powered tractor offers important advantages on many farms. The operating characteristics of the diesel, its economical use of an economical, tax-free fuel: relative simplicity and high degree of dependability are benefits which make it a much desired type of tractor power under many conditions.

 See the brilliant new 2-row mounted OLIVER cultivator ... with the parallelogram gang control - OLIVER'S method of holding tillage and planting equipment at uniform depth . . . also just arrived!
