Gremlins Create 'Voice' Interruption

George Hammond, "Voice of the Frontier" announcer, attributed the broadcast interruption to the work of gremlins.

With about 5 minutes still remaining on Saturday's program (9:45 a.m., WJAG, 780 k.c.), the line connecting the O'Neill studio with the WJAG control room suddenly went dead. Engineers were unable to explain the interruption because equipment at both ends performed normally when broadcasting was resumed a few minutes later.

Hammond got back on the air at 10:15 and completed the Saturday morning roundup from O'Neill. Listeners who failed to stay tuned to WJAG missed the delayed closing.

Miss Margaret Redd left Saturday for Bassett. She will spend a month there visiting relatives.

A jaunt last Saturday afternoon to O'Neill to attend a re-organization meeting of the North Central Nebraska Press association, brought to light another fine place to eat. It is the Town House operated by Mr. and Mrs. Val Darling. Located in a large, former residence on the east end of the main drag, O'Neill's new eating place specializes in shrimp and steaks. The homey atmosphere blends well with the wonderful food. Mrs. Darling (the former Joyce Denbeck, of Wayne) is an old school-mate of yours truly.

Inflation forces us to ask for new rates in Nebraska

Here's why:

WAGES	MATERIALS	TAXES
WAGE BILL NEARLY TRIPLED ... With more employees and wage rates nearly double 10 years ago, our annual payroll is over \$5,000,000 greater than in 1941.	KEY MATERIALS MORE THAN DOUBLED IN PRICE ... Inflation has forced up the price of everything we must buy.	TAX BILL TWICE AS HEAVY —and probably going higher. Company taxes and excise taxes now amount to an average of \$2.46 per telephone per month.

Most other businesses raise their prices promptly to meet increased costs. Our prices, which are regulated, have been increased only twice since 1925, the last time in 1949.

Now we are about to make another wage raise. Still heavier taxes are in sight. We have watched prices of materials go up 15% since Korea. They may go higher.

So that we can meet expenses, function soundly and efficiently in this time of national stress and do the job ahead of us, we have asked the Nebraska Railway Commission to set rates for telephone service that are fair in view of present costs.

While prices of most things have gone sky-high, the price of telephone service has remained low. Even with a slight increase in price, it will still be a bargain.

UP 22% 10-year increase in telephone revenues from replacing.

UP 75% 10-year increase in cost of living.
