Shortage of Hay Hands Is Expected

The Nebraska state employment service has made a survey of labor demands in several of the counties where the wild hay crop is being put up and some shortage of hay hands is expected to develop after haying operations are in full swing. This prediction was made by Walter A. Steffen, of Norfolk, area office manager.

Farm and ranch employers are being urged to make their labor needs known in advance to their nearest volunteer farm labor representatives in each county. Lightning Strikes from Cloudless Sky

50 Years Ago

A merry-go-round struck town last week. The rasping music of this machine mingled with the rolling of balls at the bowling alley makes the night hideous. . . . Last Saturday was a bad day for cattle and horse thieves in Rock county, 5 of them being sentenced to the penitentiary that day. All the men sentenced were prominent stockmen except one, a youth of 20. . . . A lawn super was given in honor of Mrs. J. V. Stout at Brennan's park last evening by the ladies of the Presbyterian church. It is an ideal spot for outdoor parties. . . . A flash of lightning last Saturday struck down Jerry McCarthy while he was at work in company with Art Menish on the bridge south of town. Jerry thinks it was about as close a call as he cares to have. A peculiar thing about the lightning was that it came from an entirely cloudless sky.
