

The white-uniformed Stuart high school band is pictured moving east on Atkinson's State street as a portion of the famous hay days

parade. Director Thomas Lynch is in left foreground. Lynch went to Stuart last year. — The Frontier Photo & Engraving.

Honorable mention in the general class went to the Atkinson Whisker club's entry.

"There Is No Place Like Nebraska." — The Frontier Photo & Engraving.

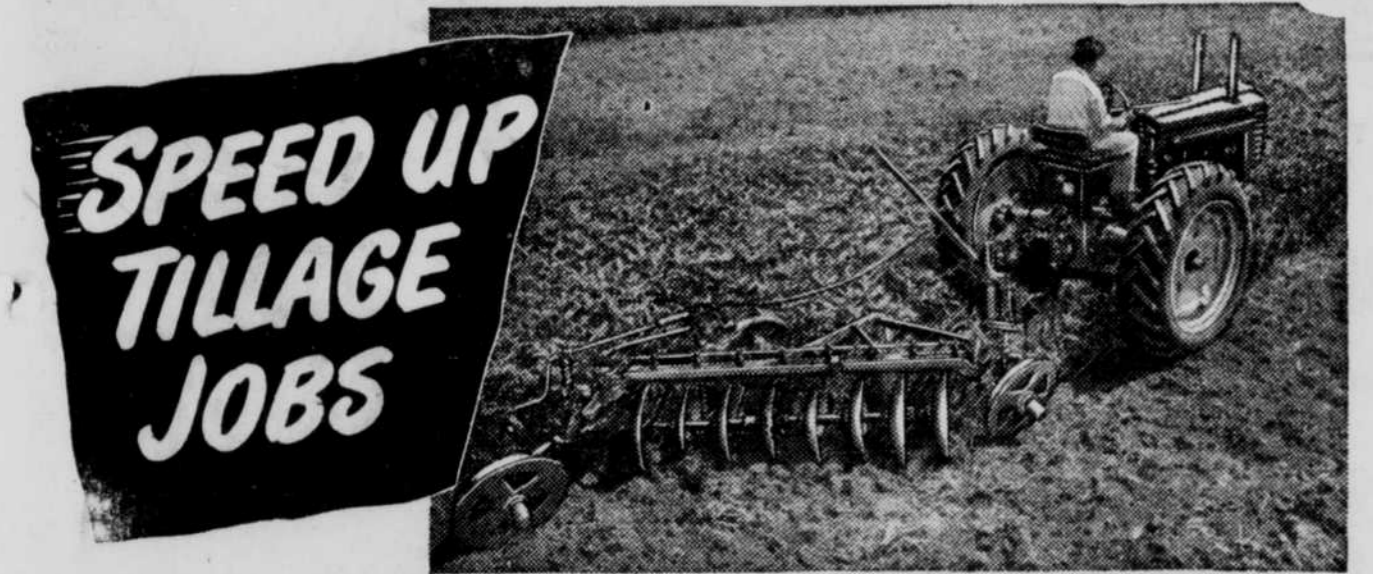

This view looking west on State street provides a glimpse of the hay days crowd that witnessed Monday's parade in Atkinson. Hay queen candidates rode atop convertibles, hay king candidates drove tractors. Parade formed

at St. Joseph's Catholic church corner (in background), required 1 hour and 40 minutes to pass reviewing stand.—The Frontier Photo & Engraving.

O'NEILL LOCALS
Miss Nancy Froelich returned Sunday from a 2-weeks' stay in Montana with several Duchesne college classmates. Miss Barbara Birmingham, who accompanied Miss Froelich, returned Tuesday. The girls attended a wedding of a classmate and vacationed at

the Foxley ranch. Mrs. Archie Bright and Eddie were in Norfolk Saturday. Rev. Arnold Nabholz, of Firth, was a guest last week at the home of Rev. and Mrs. Melvin Grosenbach. The Misses Betty and Phyllis Jean Harmon returned Sunday

evening from a 4-weeks' visit in Scottsbluff. Mrs. George Janousek and Christie left Saturday for a visit in Columbus with her parents, Mr. and Mrs. Earl O. Hile. Miss Mavis Forsch spent the weekend with her parents in Butte.

SPEED UP TILLAGE JOBS with a JOHN DEERE Disk Tiller

You'll put new speed . . . new economy . . . new efficiency in dozens of tillage jobs with a big-capacity, rugged, versatile John Deere Disk Tiller. This "master of many jobs" takes in its stride such work as weeding, disking, mulching, turning under cover crops, cutting stalks, and preparing seedbeds and (with seeding equip-

ment) seeding them in the same operation. Sturdy and rigid, John Deere Tillers have ample strength for the toughest jobs. The heavily-braced main frame provides permanent alignment . . . is placed above the disks for greater clearance, better penetration. See us soon about an adaptable, cost-cutting John Deere Disk Tiller.

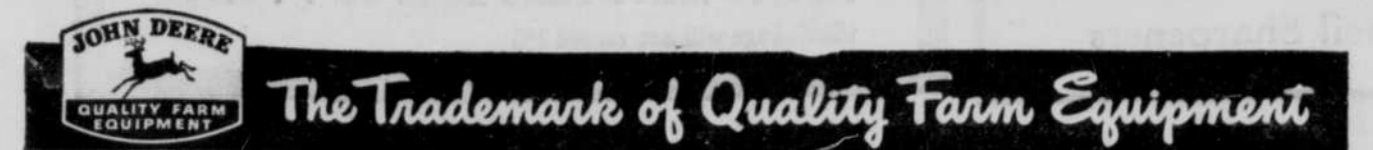

Tillers or All Sizes Are Available

All Games 8:30 P. M. — Carney Park

SURE, a trim new Buick makes a mighty pretty picture when you see it in your driveway, or watch it wheel by.

But if you could get a mechanic's-eye view of this big, broad beauty as it sits on a lift, you'd see an impressive picture of rugged brawn that makes good-to-look-at Buicks give such a good account of themselves on the road.

You'd see the full-length torque-tube drive that firms the whole power relay system, and steadies your going like a giant hand beneath you.

You'd see big sturdy wheels with really wide rims that provide surer footing, give better car control, make tires last longer.

You'd see all four wheels cushioned by stout coil springs that are completely service-free, practically breakproof—and a principal reason for the ever-level Buick ride.

But mainly, you'd see the massive foundation that backbones every Buick—

the deep, wide, X-member frame that's rugged as a rock, and a brute for strength.

So when you look at the beauty of a Buick—the big mileage power of its valve-in-head Fireball Engine—and the moneysaving ability of its Dynaflo Drive*—don't overlook the tough stamina that goes with it all.

And don't overlook the fact that a new '51 Buick, with all its heft, costs less per pound than any other car of comparable size, structure and weight.

Better come see us first chance you get—and find out what a smart buy this is—from every angle.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

No other car provides all this!

- DYNAFLO DRIVE* • FIREBALL ENGINE • 4-WHEEL COIL SPRINGING
- DUAL VENTILATION • PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING • BODY BY FISHER
- WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM
