Nebraska Is An Outstanding Food Producer

Five states excel Nebraska's tremendous grain yields, and huge live stock production. Of the 48 states, we rank 2nd in lambs fed, 3rd in cattle produced, 3rd in cream sold, 4th in corn, 5th in wheat. You can be proud of the leading role your state plays in feeding the world.

You can be proud, too, that Nebraska is known for the vigilance of its tavern owners who strive to operate in the public interest by maintaining clean, orderly, law-respecting places.

You can be equally proud of the state's brewing industry which, for years, has conducted an educational program among retailers, aimed at encouraging approved tavern operation.

On both counts—good production and approved tavern operation—Nebraska is near the top.

Cards Prime for Cathedral Game

The St. Mary's academy Cardinals will open the 1951 6-man grid campaign away from home—against Lincoln Cathedral, one of the ranking 6-man clubs in the state. The game will be played Thursday, September 20.

Under the tutelage of Shorty Miles, a former all-state gridder, the Cards are rapidly whipping into shape for their 8-game schedule.

In addition to the Lincoln jaunt, the academy kids will travel to St. Patrick's, of Fremont, Marty, S. D., and Spalding academy.

Last year's O'Neill parochial team gained 4th place in state class A grid competition. Graduation, however, took a heavy toll.

Eagles to Test Plainview Club

The O'Neill high school Eagles will unwrap the new 1951 football season Friday night against Plainview at Plainview.

The Eagles, still a mystery team as far as strength goes, could possibly come through the season on the top side for the first time in several years.

Last year's real loss by graduation was Don Kloppenborg, of Emmet, a football die-hard who is playing on the freshman squad at the University of Nebraska.

The backfield and the line have considerable experience and their proof under fire will be tested against the ever powerful Plainview club. The hosts lost only a few hands by graduation.

The Eagles will feature 5 games in Carney park this season, against Bassett, Burwell, Neligh, Valentine and Atkinson. Only 3 contests will be played away from home—at Plainview, Creighton and Ainsworth.

Coach Marv Miller has posted the following schedule—toughest in many moons:

- Sept. 14—Plainview, there.
- Sept. 21—Rock county high, Bassett, here.

Views Are Sought for USDA Policy

The department of agriculture thinks the family farm is vital to the economy, prosperity, and military defense of the nation. It is reviewing all of its programs and activities to make sure that it is serving the family farm well—and to find out how to serve it better.

A family farm committee, composed of department officials and representatives of farm and church organizations and the land-grant colleges, has conducted a review of the policies and programs of each agency in the department with respect to service to the family farms and farm families.

This committee looked for ways in which the various agencies are doing a good job in serving the family farm and where the agencies are falling short. It arrived at some tentative recommendations about ways in which improvements might be made within existing authority.

The committee also pointed out that some improvements in the department's services to family farmers would require amendments to existing legislation.

But all of this preliminary work is only a start. What the department wants and needs are the recommendations of farmers themselves and others interested in agriculture for improvement of our farm programs.

In order to secure the above information, questionnaires were mailed to all farm owners and operators in the county. Returns were too limited to arrive at any conclusion. In a democracy everyone is entitled to voice an opinion.

"If you are satisfied with the work of the various agencies or have suggestions for any improvement this is your opportunity to voice your views," a spokesman for the Holt county mobilization committee explained.

The committee has arranged a meeting for interested persons to be held in the O'Neill high school band room at 8 p.m. Thursday, September 20.
