Cattle Receipts Hit 1,250 Mark

The Thursday, September 27, hog run at the O'Neill Livestock Market was small, only about 400 head, but the cattle sale saw about 1,250 go through the ring, the heaviest receipts so far this season.

Top butcher hogs, weighing from 190 to 240 pounds, sold up to \$21.60. There were not too many heavier kind. Most of the hogs offered sold on down from \$21.60, according to size.

The cattle market was about steady with the week before. Steer calves ranged from \$40.00 to \$43.00; heifer calves, from \$39.00 on down to about \$37.00; yearling steers, from \$34.00 up to \$36.00—and there were a lot of good ones offered and being sold in that bracket; yearling heifers, from about \$31.50 to \$33.50; there were a few 2-year-old steers selling from \$32.50 to \$33.50.

Canner cows, the old shelly kind, were bringing from \$19.00 down to about \$17.00; medium

kind cows, with only fair covering, were being quoted from \$21.00 to \$23.00; and some fat cows sold as high as \$26.00. The cow market was off about a dollar from the previous week's sale.

How does it feel to drive a Buick?

If you think perhaps we're hinting that it would be a good idea for you to try out a Buick—mister, you've never been so right.

It does a lot of things for you and to you that will be something new in your driving experience.

Take the way it feels beneath your hands on the wheel—eager and willing and anxious to please.

It spurts when you want to spurt—rolls with effortless momentum when you want to cruise.

When you take a curve, it snugs down to the road with sure-footed confidence.

After you make a turn, the front wheels instinctively seek a straight course. This car seems to guide itself.

When you come to a bumpy stretch, each separate wheel on its own coil spring steps you smoothly along on a level keel.

Then there's power that surges into action at a nudge of your toe—sends your speedometer needle soaring up to any speed the law allows, in a matter of seconds.

And there is also thrift—the gas-saving thrift that comes from a high-compression valve-in-head Fireball Engine found in no other car.

To top all this, there is Dynaflo Drive*—that feeds power in a steady, falterless flow—lets you ride relaxed

in busy traffic or on a day-long cross-country drive.

We're willing to stand on the statement that no other car rides, performs or drives like a Buick.

But why take our word for it? Come in—take over one of these lively lovelies—and see for yourself.

NO OTHER CAR PROVIDES ALL THIS
DYNAFLO DRIVE* • FIREBALL ENGINE
4-WHEEL COIL SPRINGING • DUAL VENTILATION
