

SPENDS YEAR IN MARSHALL ISLANDS . . . SM Robert Erwin (above), son of Mrs. Woody Grim, arrived Monday to spend the Christmas holidays here. A former O'Neill high school athlete, Erwin recently returned to San Diego, Calif., following a year spent in the Marshall islands at a navy installation there.

No Sale Here Due to Thursday's Storm

There was no sale Thursday, December 20, at the O'Neill Livestock Market due to the severe storm conditions. Shippers had difficulty getting to O'Neill late Wednesday and Thursday with their livestock and only a handful of people were present. Some hogs were sold at private sale. Col. Ed G. Evans, who originally scheduled a dairy heifer sale on Monday night, December 17, postponed the auction of the Wisconsin-bred dairy cattle until Thursday's sale. He had to abandon the plan when Thursday's sale was called off, and now has set Thursday, December 27, as the new date.

4-H LEADER TRAINING SET
Two statewide meetings for training 4-H club leaders will be held at Lincoln in January. The state 4-H club office at the University of Nebraska said the first one will be Lincoln January 23-26. The other will be at North Platte on January 30-Feb. 1. University staff members including extension specialists will instruct the leaders at both meetings. Included on the programs are discussions of club management problems, food and home improvement and home economics and agriculture subject matter. Each county is eligible to send 1 leader as a representative in each of the subject matter fields.

Marine Recruiter Moved From Norfolk
It has been reported by the marine recruiting station in Norfolk that S/Sgt. Harold L. Leslie, the assistant NCO in charge, has been transferred to Camp Joseph H. Pendleton, Ore., for assignment to a replacement draft. Sergeant Leslie has completed a 3-year tour of recruiting duty in the Nebraska area. Sergeant Leslie is married and before reporting in to his new station he will visit his wife's home in Seattle, Wash.

CARE OF BATTERY ADVISED
Batteries for cars, trucks and tractors will be increasingly hard to get as more lead and zinc goes into defense production. Here are some tips from John Sulek, of the University of Nebraska agricultural engineering department, on making a battery last as long as possible. When you store a battery be sure to check the water level.
